Leave granted although there is no such provision in the Leave Rules

15. The same employee was granted an extension of leave on half-pay under medical certificate for 20 days from 12th January, 1940, to 31st January, 1940, as a special case, in continuation of medical leave on half-pay for six months from 12th July, 1939, to 11th January, 1940, and allowed to retire with effect from 1st February, 1940, (*vide* Item No 162 of the Proceedings of the Syndicate, dated the 19th January, 1940). This extension of leave infringed rule 4 of the University Leave Rules which restricts leave on medical certificate on half-pay to 6 months at a time. ' In respect of any new Constitution for India, with special reference to the method of electing parliamentary bodies and the formation of executive governments, and to the rights of minorities, political and other, in relation thereto, what constitutional provisions are the most likely to promote the co-operation in the tasks of government of all communities in India? The Director of Public Instruction regrets delay in addressing the University on the subject and states reason for the same.

Note.—While submitting a report on the claims of the college to the proposed extended measure of affiliation, the University Inspector of Colleges observes as follows :—

“ I cannot recommend extension of affiliation in Bengali to the Honours standard unless at least 2 additional appointments are made for the department of Bengali only. Even then the staff will fall short of the minimum demand of three teachers for teaching a subject to the Honours standard. Considering the fact that occasional help might be obtained from the teachers of the Sanskrit department and the classes at the B.A. stage will be necessarily small, we are prepared to accept two teachers for the department of Bengali in addition to the three teachers in the Sanskrit department as the staff necessary for carrying on the work up to the Honours standard. ”

Also the following note from the University Inspector of Colleges:—

(1) Mr. Jatindramohan Bhattacharyya

and stating that the term of Mr. Jatindramohan Bhattacharyya need not be extended beyond the 30th June, 1941, as he has obtained a Lectureship under Assam Education Service but that the term of Mr. Mrinalchandra Sarvadhikary may be renewed for a further period of one year.

117. Read the following letter, dated the 30th June, 1941, from Sir Upendranath Brahmachari, stating that he is desirous of making an endowment of 3% G. P. Notes of the face value of Rs. 20,000 together with an accrued interest of Rs. 600 payable in 1941 for the institution of a fund for medical research under the auspices of the Calcutta University, which will constitute a fund for creating a scholarship to be named after his wife Lady Nanibala Brahmachari and to be called Lady Brahmachari Endowment Fund for Medical Research. It is also contemplated that the Board of Management may from time to time keep the scholarship in abeyance and utilise it for Lady Brahmachari Readership.

It has been stated that in addition to the above another sum of Rs. 600 in cash will be made over by him to the University, if the scholarship of the first scholar is extended by another year :—

“ FROM

DR. SIR UPENDRANATH BRAHMACHARI, Kt., M.A., M.D., Ph.D.,
19, LOUDON STREET, CALCUTTA.

The 30th June, 1941.

TO

THE REGISTRAR, CALCUTTA UNIVERSITY.

Dear Sir,

In making the accompanying endowment for medical research in the name of my wife I have been guided by the following ideas :—

(1) To encourage medical research in the minds of younger generation of medical graduates of the University.

(2) The standard of the qualifications and work of the candidates is to be maintained in the following ways:—

(a) By giving the Scholarship to persons whose preliminary qualifications must be high.

(b) The Scholarship of a scholar for the second-year will be given only when his work is highly commended. This will avoid the continuance of the Scholarship for the second-year as a routine practice.

(c) I consider that there should be a gap in the appointment of a scholar from time to time because then only the best candidate will be appointed to the Scholarship instead of the continuance of the Scholarship every year as a routine practice.

(d) My idea of creating a Readership out of any surplus money available from the Scholarship Fund is to avoid giving a scholarship to a second person out of any unspent scholarship in any year so as to keep up the standard of the terms of my endowment.

In this matter I have been guided by what has happened in the case of Kamala Lectureship. It was observed that the high standard of the lectureship, which was the aim of Sir Asutosh Mookerjee, was likely to be lowered if the lectureship was continued every year and for that reason the rules of lectureship have been recently changed and the lectureship is now a-days being given every alternate year.

Yours sincerely,

Upendranath Brahmachari.

SIR,

I am directed to address you on the subject of revision of Syllabus for Persian in the Bengal Civil Service Examination and to request you to be so good as to have the matter examined by the Board of Studies in Persian and favour the Commission with their opinion at an early date.

It has been suggested by the Examiner of this subject that Persian passages for translation from the present-day language of Iran should not be set in the Bengal Civil Service Examination unless the Calcutta and Dacca Universities include selections from modern Persian in their prescribed textbooks.

A copy of the Bengal Civil Service Examination Rules containing the present syllabus of the subject as well as a copy of the question papers (Paper I and II) set at the Bengal Civil Service Examination, 1940, are sent for information and guidance.

The Commission would be grateful to have the views of the University as to whether selections from modern Persian should not find a place in the Examination.

I have, etc.,

(Sd.) Illegible,

In forwarding the application, the Principal states that the applicant seems to be repentant and that his application may be favourably considered.

23. Read a letter, dated the 3rd July, 1941, from the Presidency Post Master, Calcutta, stating that the period of currency of the Letter of Guarantee furnished on behalf of the University of Calcutta by the Imperial Bank of India, Calcutta, will expire on the 6th August, 1941, and that if the University is desirous of continuing to make payment of the value of the money orders including the commission thereon by means of cheques, a fresh Letter of Guarantee may be obtained from the Bank and forwarded to him before the currency of the existing Letter of Guarantee expires.

It has been further stated that the Letter of Guarantee should be in the form prescribed in Clause 37-A of the Posts and Telegraph Guide, as reproduced in the letter; the document should be stamped in accordance with Article 5(c) in Schedule 1A of the Indian Stamp Act, 1899.

Note.—The Presidency Post Master had agreed to accept cheques for all Money Orders by which remuneration of twofussil examiners were to be paid, provided a guarantee was furnished by the Bankers of the University. This system was introduced at the suggestion of the Accountant-General, Bengal, approved by the Government of Bengal, so that all such payments would be supported by payees' receipts after payment. Previously these examiners presented receipts in advance. The Guarantee Letter is renewable annually.

The arrangement proposed by the Accountant-General, Bengal, was approved and necessary payment was ordered to be made to the Bank—the Bank charges 1% per annum on Rs. 20,000 for which a guarantee is required to be given by the Bank to the Presidency Post Master, Calcutta, in connection with the payment of Money Orders by cheques, in addition to Re. 1 on account of the cost of stamp required for the guarantee. (In this connection *vide* Item No. 147-5, of Syndicate, dated the 15th July, 1939.)

The Bond was last ordered to be renewed for one year by the Syndicate, dated the 20th July, 1940.

Resolved—That Guarantee Bond be renewed for a further period of one year and that the necessary costs be paid.

24. The Registrar enquired if interest for the year 1940-41, @ $3\frac{1}{2}$ per cent. per annum might be credited to the Provident Fund Accounts on the amount of bonus due to those employees who had joined the Provident Fund (including Press Compositors, Distributors and Machine-staff).

Note.—Necessary provision for payment of interest @ $3\frac{1}{2}$ per cent. per annum has been made in the Budget Estimates for 1941-42.

Resolved—(1) That interest for the year 1940-41 @ $3\frac{1}{2}$ per cent. per annum be credited to the Provident Fund Accounts on the amount of bonus due to those employees

who have joined the Provident Fund (including Press Compositors, Distributors and Machine-Staff).

(2) That the matter be reported to the Senate.

25. The Registrar enquired whether the following paragraph might be added to Leave Rule 4 in accordance with the suggestions made in Para. 14 of the Audit Reports for 1939-40 :—

“ A person returning from leave granted under this rule will be required to submit a certificate of fitness from a Registered Medical practitioner before he is allowed to resume his duties.”

Note—(1) Para. 14 of the Audit Report runs as follows :—

Leave under Medical Certificate.

Babu Purnachandra Mullick of the Office of the Controller of Examinations was granted leave on full pay for 20 days from 13th June, 1938 to 2nd July, 1938, which was extended under medical certificate on half-pay for 5 months and 20 days up to 22nd December, 1938, under Rule 4 of the University Leave Rules. He joined on 3rd January, 1939 (the period from 23rd December, 1938 to 2nd January, 1939, being X'mas holidays), and worked up to 8th January, 1939, i.e., for 6 days only, and went on medical leave again on half-pay for 6 months from 9th January, 1939 to 8th July, 1939. He returned to duty on 9th July, 1939, and worked for 3 days only when he was granted leave under medical certificate on half-pay for 6 months again from 12th July, 1939, to 11th January, 1940, under rule 4 of the leave rules. On enquiry it was learnt that no medical certificate of fitness was obtained from him to permit him to resume his duties on 3rd January, 1939 and 9th July, 1939, as there was no such practice. Unless the medical certificate of fitness is obtained from the person returning from medical leave on account of ill-health, it is hardly possible to ascertain whether he joined simply to evade rule 4 of the leave rules or whether his falling ill again shortly after his return to duty was accidental. It is, therefore, brought to the notice of the authorities for their consideration whether a medical certificate of fitness should not be insisted on before an employee is allowed to resume his duty after leave under a medical certificate.

Note.—(2) Under orders of the Syndicate the following reply has been sent to Government regarding the paragraph :—

“ Suggestion accepted. This will be followed in future.”

Resolved—That the Syndicate recommend to the Senate that the following paragraph be added to Leave Rule 4 :—

“ A person returning from leave granted under this rule will be required to submit a certificate of fitness from a Registered Medical practitioner before he is allowed to resume his duties.”

We have had to spend a pretty large amount on Laboratory and Geography Museum last year and this left very little balance at our disposal for this purpose. Moreover, we have been asked to construct the school buildings by 31st December, 1943 (*vide* your letter No. F.6166-446, dated the 18th December, 1940) without fail, otherwise the recognition will be withdrawn which the school has been enjoying so long.

99. Read an application from Mr. Digambar Chatterjee, Radhikamohan Scholar now in England, acknowledging the additional amount of £50 and stating that in the ordinary course of things he would have taken steps to return home immediately on the completion of his work but that in view of the practical impossibility of securing a return passage at the present moment he would be compelled to remain there indefinitely till the shipping condition improves and requesting that as he has no other means of subsistence his case may be reconsidered so that he may be granted suitable allowances enabling him during the period he will be waiting for the passage, to have further practical training in sound-recording and re-production in Film-studios for which facilities have been offered to him by the British Kinematograph Society.

Read also a letter from the High Commissioner on the subject.

Mr. Digambar Chatterjee has been paid the full value of the Radhikamohan Scholarship, viz., Rs. 5,000, awarded to him for a period of two years. In addition, £102 and £10 has also been paid to him, under orders of the Syndicate, towards his tuition fee for 1st- and 2nd-year's term and for Emergency, respectively. Out of this, when the last instalment of £50 was remitted to him, he was informed that if this amount is not sufficient for the purpose he should make arrangements for coming back to India (Item No. 131 of Syndicate, dated the 5th April, 1941).

The present letter from the scholar is in reply to the above.

Resolved—That the Syndicate regret that no further payment can be made to Mr. Chatterjee.

100. Read a letter, dated the 8th July, 1941, from Mrs. Caroline Gladys Walke, who passed her Senior Cambridge Examination in 1933, praying for permission to appear at the I.A. It is stated that the number on the roll at present is 150 and there is a considerable rush for admission from the 4th-year plucked or detained students in addition to one or two cases who have brought transfer certificates from other colleges, and that the Director of Public Instruction has, in these special circumstances, permitted this excess admission.

It is further submitted that no new admission will be allowed until the number falls below 150.

Resolved—(1) That the Principal be informed that the University do not approve of their arrangement and that no such application for excess admission will be considered in future.

(2) That the admission of the 15 students in excess of the prescribed limit be sanctioned this year as a special case.

102. Read letters from the Head Master, Central Collegiate School, Calcutta, submitting his observations in connection with the case of one Mrinalkanti Sengupta, who had appeared at the last Matriculation Examination from his school but whose admission to the said examination was subsequently cancelled.

Read also a letter from Mr. A. C. Sengupta, the guardian of Mrinalkanti Sengupta, on the subject.

Read also a letter, dated the 4th July, 1941, from the Head Master, Central Collegiate School, Calcutta, submitting his observations on the statement of the guardian.

Note—The following extract from the Minutes of the Syndicate, dated the 8th May, 1941, is relevant to the subject :—

" 30. Read a letter, countersigned by Rev. Allan Cameron, Chairman, Scottish Church College School Governing Body from the Head Master, Scottish Church College School, Calcutta, reporting the case of the undermentioned student who appeared at the last Matriculation Examination under Roll Cal. 1020 for appropriate action.

(1) Master Mrinalkanti Sengupta, son of Mr. Anukul Sengupta, left this school on 31st December, 1939, as a student of Class IX and without obtaining promotion. His Transfer Certificate issued by the S. C. College School is No 14-40 of 10th January, 1940. It would not, therefore, be expected that he would sit for the Matriculation Examination earlier than March, 1942.

(2) Master Mrinalkanti Sengupta appeared as a candidate for the Matriculation Examination of Calcutta University at the examination centre held at this school in March, 1941.

From correspondence with the Head Masters of the schools in which he had read since leaving the Scottish Church College School, it appears that he was admitted into Class X of the Urban Institution, 159-160, Cornwallis Street, on 16th January, 1940, and was later transferred to the Central Collegiate School, 71-2A, Cornwallis Street, the late admission into Class X being sanctioned by the University under letter No. S. 2911-Con. (G) of 24th May, 1940.

Read also a statement made by Mr. Haraprasad De, Professor of Physics, Vidyasagar College.

Note.—(1) The late admission of Mrinalkanti Sengupta into Class X of the Central Collegiate School, Calcutta, on his transfer from the Urban Institution (then unrecognised), Calcutta, was sanctioned by the Migration and Late Admission Sub Committee on 15th May, 1940, on a certificate from Mr. Haraprasad De, Professor of Physics, Vidyasagar College, Calcutta, countersigned by the Principal of the College, to the effect that the aforesaid student was personally known to him for a long time and that owing to pecuniary difficulties, the pupil could not manage to secure admission into any school previous to his reading in the Urban Institution.

(2) The orders were communicated to the Head Master, Central Collegiate School, Calcutta, in this Office letter No. S. 2911-Con. (G), dated the 23rd May, 1940.

Resolved—(1) That the admission of Mrinalkanti Sengupta to the Matriculation Examination, 1941, be cancelled and that he be debarred from appearing at any examination of this University until further orders.

(2) That the Head Master Central Collegiate School be asked to explain his conduct in this connection."

Resolved—That the Head Master, Central Collegiate School be informed that the University disapprove his conduct in connection with the case of Mrinalkanti Sengupta.

103. Read a letter from the Principal, Bengal Engineering College, Sibpur, stating in reference to this Office letter No. C.31-P.G.(Lec.), dated the 5th July, 1941, that as on account of the present operation of the Technical Training scheme of the Government of India at the college it will be extremely difficult to accommodate the M.Sc. students of the University, specially in the workshops and drawing class, the appointment of some members of the college staff as part-time University Lecturers in connection with the Post-Graduate work in Applied Physics, which is

usually arranged at the college during the months of November and December, every year, appears to be unnecessary.

Note—The following gentlemen have been re-appointed by the Selection Committee in Applied Physics as Honorary Lecturers in the Department of Applied Physics for the period noted against their names, with effect from the 1st June, 1941. The Proceedings of the Selection Committee, having been confirmed by the Senate on 28th June, 1941, has been forwarded to Government for sanction, but no reply thereto has yet been received :—

2. „ C R. Copeland	Do.	Do.
3. Dr. S. R. Sengupta	Do.	Do.
4. Mr. R. G. P. S. Fairbairn	Do.	Do.

Resolved—That the matter be referred to the Executive Committee of the Council of Post-Graduate Teaching in Science.

104. Read a letter No. 1552-Edn., dated the 15th July, 1941, from the Secretary to the Government of Bengal, Education Department, forwarding copy of a letter from the Secretary to the Government of Assam, Education and Local Self Government Departments, on the subject of an extension of affiliation of the M. C. College, Sylhet in Bengali (Second Language) to the B.A. (Pass and Honours) Standards with effect from the current session (1941-42) and intimating that the Government of Bengal will be prepared to consider the proposal if University authorities recommend the application.

Note.—The Director of Public Instruction, Assam reported the steps taken for fulfilment of conditions in connection with the proposal for an extension of affiliation of the M. C. College, Sylhet in Bengali (2nd Language) to the Intermediate Standard of women students only and to the B.A. (Pass and Honours) Standards for all students and requested that the proposed extended measure of affiliation might be granted with effect from 1941-42 as a special case. The case was placed before the Syndicate on 4th July, 1941 (item 110) when the following order was passed :—

“ **Ordered**.—That the Director of Public Instruction, Assam, be informed that it is not possible to consider the question of the proposed extension of affiliation with effect from the session 1941-42; but that students taking up the subject may be admitted on condition that they will apply at the end of the course, after passing the Test examination, through the Principal of the college, for permission to appear at the Intermediate and B.A. Examinations in the subject as non collegiate students in 1943 ”

The above order was communicated to the Director of Public Instruction and to the Principal of the college on 16th July, 1941 (Letter No. C.331 and C.332).

Resolved—That the resolution of the Syndicate already passed on the subject be communicated to Government with

the intimation that it is now too late to recommend the proposed extension of affiliation of the college with effect from the session 1941-42.

The arrangement was arrived at from the consideration, viz., that the University should utilise the facilities of teaching available in the affiliated colleges for their students. Under the present circumstances it would therefore be necessary to make arrangements both for the theoretical and the practical work of the students.

The two theoretical subjects which are taken up by the staff of the Bengal Engineering College are (a) Applied Mechanics and (b) Applied Thermodynamics, which form two subjects of Paper I in Applied Physics for the M.A. and M.Sc. Examinations. The practical subjects are (i) Mechanical Drawing, (ii) Machine Tools and Workshop Practice and (iii) Experimental work in Boiler trials, Steam Engine and Oil Engines.

I shall be able to arrange in our laboratory for the Mechanical Drawing. With some additional equipments it would be possible to arrange for practical training in Machine Tools and Workshop practice but will be difficult to arrange for the Boiler trials and trials with other heat engines. It would therefore be necessary to take steps to arrange for the training of the students in the above-mentioned subjects.”

The following extract from the Minutes of the Syndicate on 18th July, 1941 (Item 113) is relevant to the case:—

“113. Read a letter from the Principal, Bengal Engineering College, Sibpur, stating, in reference to this Office letter No. C. 31-P. Note.—The following gentlemen have been re-appointed by the Selection Committee in Applied Physics as Honorary Lecturers in the Department of Applied Physics for the period noted against their names, with effect from the 1st June, 1941. The Proceedings of the Selection Committee, having been

confirmed by the Senate on 28th June, 1941, has been forwarded to Government for sanction, but no reply thereto has yet been received.

He passed the Preliminary Law Examination in June, 1940.

Examination of the Nagpur University with English, Supplementary English, History, Civics and French as her subjects, praying that her admission into the 3rd-year B.A. class of the college on the 30th June, 1941, may be sanctioned.

The candidate has taken up English (Honours), Alt. Paper in English, History and French for the B.A. Examination.

The candidate states that she had all along been studying outside Bengal, viz. Central Provinces and had absolutely no opportunity to study her mother tongue Bengali. She can speak and read Bengali fairly well but her knowledge is not sufficient to carry her through the Degree standard of this University.

As regards her taking French as one of her subjects in which the college is not affiliated, the candidate states as follows :—

"With regard to tuition in French, I have already met Prof. N. N. Chandra, of the University Post-Graduate Department. He told me that he was going to arrange for classes for me to attend. The details are now being settled.

The classes will start and I will attend them in a very few days."

It is also stated that in the exigencies of circumstances the Principals of all colleges will find it possible to give proper facilities to the cadets from their respective colleges to attend the Camp.

Ordered—To be recorded.

18. Read a letter from Dhirendranath Lahiri, who was permitted to appear at the M.A. Examination in 1942, as a non-collegiate student in English, Group B, stating that owing to an attack of Typhoid fever his health has broken down and it will not consequently be possible for him to appear at the examination in Group B, and praying that he may be permitted to appear at the M.A. Examination in 1942, as a non-collegiate student in English, Group A instead.

21. Read a letter, dated the 26th July, 1941, from the Director of Public Health, Bengal, forwarding for consideration by the University copy of a syllabus for the Diploma in Tuberculosis Diseases, and requesting that a small Subcommittee be appointed to consider the syllabus and make such modifications as they would consider necessary in order to suit the conditions prevailing in this Province.

It is also stated that Tuberculosis is spreading in this Province and for that reason suitable clinics and hospitals, particularly the former, have to be opened immediately. As a matter of fact, Government and the Tuberculosis Association of Bengal are going to co-operate in the matter and it is likely that several clinics may be opened this year. Unfortunately there are not sufficient number of medical men, who have adequate knowledge in the diagnosis and treat-

ment of this disease. This lack of trained personnel may definitely hamper in the opening up of these clinics and in the adoption of a wider programme of anti-Tuberculosis work. Calcutta University can give a great filip for the training of medical practitioners by instituting a Diploma in Tuberculosis Diseases, this will establish a standard and give a guide to medical persons who want to take up this work. The University, therefore, should give a lead in this matter.

in twenty monthly instalments, as he is in urgent need of money on account of the great damage done to his house and crops in the district of Noakhali in the last cyclone.

Note.—The balance of his own subscription at his credit is Rs. 824-2-0. The loan is admissible.

Resolved—That the loan prayed for be granted on the conditions stated.

25. Read an endorsement, dated the 19th July, 1941, from the Head Master, Barisal, A. K. Institution, forwarding for consideration, an application from Serajul Huq Bhuiyan who had appeared at the last Matriculation Examination from the afore-said school but whose admission to the said examination was cancelled and who was also debarred from appearing at any examination in 1942, praying in the circumstances stated, that he may be permitted to appear at the Matriculation Examination in 1942.

The applicant states, among other things, that :—

(1) He is repentant for his conduct at the time of the last Matriculation Examination for which he hopes to be excused.

(2) The subject of Elementary Scientific Knowledge which will be a compulsory one with effect from the Matriculation Examination in 1943 is quite new to him and he has no hope of passing the examination with the said subject and thus his life will totally be spoiled if he is not allowed to appear at the Matriculation Examination in 1942.

Note.—Serajul Huq Bhuiyan (Roll Bar. 86) was found copying from the pages of a help book during his examination in History. His Matriculation Examination of 1941 was cancelled and he was also debarred from appearing at any examination in 1942 *vide* Syndicate, item No. 122, dated the 3rd June, 1941)

It is stated in the application of the father as follows :—

"As his eye-sight is very defective, *viz.*, $\frac{1}{10}$ th of the normal vision as certified by Col. Kirwan of the Medical College, the University was kind enough to allow him the help of an amanuensis at the last examination *vide* letter N o.

5853, dated the 3rd March, 1941, from the Controller of Examinations. My son will appear at the Matriculation Examination as a private student from Midnapur. According to the Government Rules private students from Midnapur are required to appear in the Test examination held at Kharagpur High School, though Midnapur is the Headquarter of the District. His eye-sight being very defective, it is not possible for him to appear at the examination without the help of an amanuensis. It is almost impossible for me to arrange an amanuensis for the boy at Kharagpur. Further if the boy is to appear in the examination at Kharagpur he cannot come back to Midnapur before 7-30 P.M. by train when it will be very dark especially during winter when the Test examination will be held. It would be extremely risky for the boy with such defective eye-sight to move about alone at night particularly for a trip by train."

Note.—The student was a candidate for the last Matriculation Examination from the Midnapur Collegiate School. Owing to illness he could not appear in all papers. He was also allowed the help of an amanuensis at the last examination.

Resolved—That in the special circumstances of the case the application be granted on payment of the usual private student's fee of Rs. 10.

The application is recommended by the Lecturer-in-charge (Geography), Teacher's Training Department, and forwarded by the Secretary, Post-Graduate Teaching in Arts and Science.

Resolved—(1) That the application be granted but that the candidate be directed to apply at the end of the course after passing the Test examination, through the Head of the Department for permission to appear at the B.A. Examination in Geography (Pass) as a non-collegiate student.

(2) That the exemption from payment of the usual Laboratory fees cannot be granted.

"It appears that this student was a member of the 1st-year Science class of Tri-Chandra College, Nepal, a college affiliated to Patna University in session

1939-40. He was promoted to the 2nd-year Science Class and attended lectures up to December, 1940. If he had passed the college Test, he would have been sent up as a candidate to the I.Sc. Examination of Patna University this year. In these circumstances I think that his admission to our 2nd-year Science Class should be sanctioned, and I request accordingly. "

The applicant has paid Migration fee and submitted Migration certificate

Resolved—That the admission of the student into the college be sanctioned.

29. Read an application, forwarded by the Principal, Edward College, Patna (not affiliated in Bengali as 2nd Language), from Md. Khurshed Alam, a student in the 1st-year I.A. It is stated that the Prof. of Bengali will help the student in preparing the subject.

Resolved— That the application be granted, but that the candidate be directed to apply at the end of the course, after passing the Test examination, through the Principal of the college for permission to appear at the I.A. Examination in Bengali (Second Language), as a non-collegiate student.

Examination, praying for permission to join the 3rd-year B.A. Class in Geography with a view to appearing at the B.A. Examination in Geography in 1943.

The Lecturer-in-charge recommends that the applicant may be allowed to join the 3rd-year class.

In forwarding the application, the Head Master observes—

'Considering the nature of the guilt and the uniformly good conduct of the boy previous to his fall, as well as the extreme poverty of the guardian, I would strongly support the prayer of the applicant. The other factor which may kindly be taken into consideration is that if the term of disqualification be not shortened, it will render the boy practically inactive for more than a year.

Note.—(1) The candidate was found in possession of torn pages of a help book from which he copied answer to question 3 in Mechanics at the last Matriculation Examination.

(2) His examination was cancelled and he was also debarred from appearing at any examination in 1942.

Resolved—(1) That a copy of the letter from the Principal, Bankura Christian College, be forwarded to the Principal, City College with the intimation that the University has no objection to the admission of the student into his College if he likes to admit him.

84. Read an application forwarded by the Principal, Burdwan Raj College, from Sisirkumar Modaknag, who passed the I.A. Examination in 1941, in Arts subjects and who is at present a student of the 3rd year B.A. class (with Economics and Sanskrit), praying that he may be permitted to appear at the I.Sc. Examination in Chemistry only in 1942, as a non-collegiate student, after attending practical classes in the subject.

Resolved—That the applicant be informed that he must attend both theoretical and practical classes and apply at the end of the session, after passing the Test examination, through the Principal of the College, for permission to appear at the I.Sc. Examination in Chemistry as a non-collegiate student.

85. Read a letter, dated the 31st July, 1941, from the Principal, University Law College, requesting that, in the circumstances stated therein the last date (31st July, 1941), for admission of students to affiliated colleges may be extended by a week or in the alternative the students, who will be admitted into colleges up to the 8th August, 1941,

may be exempted from payment of the Late Admission fee of Rs 4.

Resolved—That students admitted up to 8th August, 1941 in Law Colleges be exempted from payment of the usual Late Admission fee.

86. Read a letter from the Principal, Fuzlul Huq College, Chakhar, Barisal, enquiring as follows:—

"Several I.A. plucked students of some other colleges are coming here and making enquiries whether they could be admitted into the 2nd-year class of this college as irregular students and permitted to reside in the college hostel so as to enable them to attend the classes and appear in the test examination of the college on payment of the usual fee of Rs. 10. But as far as I am aware the University has granted them the privilege of appearing in the next University Examination without attendance at lectures but on passing the Test examination of any affiliated college. Now the point on which I request you to enlighten me is this:—

Whether the students would forfeit the above privilege, if they are admitted into the 2nd year class of a college, to which they did not belong before and also whether they would be required to attend the requisite number of lectures again".

Resolved—That the Principal be informed that if the students choose to join the college, they should attend the requisite number of lectures and be amenable to college discipline like regular students.

87. Read a letter, dated the 16th July, 1941, from Mr. Jayantipada Chaudhuri, one of the Superintendents, Examination Section, stating that he has been suffering from eye troubles (extraocular muscle imbalance) and also from attacks of rheumatism in the knee-joint off and on and requesting that he may be granted leave with full-pay with effect from the 14th July, 1941, to the 24th September, 1941, and requesting further that he may be permitted to retire from the service of the University with effect from the 1st October, 1941, with the pension earned by him under the rules.

Read also a note from the Controller of Examinations. The leave is admissible.

Resolved—(1) That leave with Full-pay and allowance asked for be granted and that Mr. Jayantipada Chaudhuri

be allowed to retire with effect from 1st October, 1941, on a monthly pension to which he is entitled under the rules.

(2) That the Syndicate place on record their appreciation of the services rendered to the University by Mr. Chaudhury during his long period of service.

Resolved further—(1) That it be recommended to the Finance Committee that Mr. Debiprasad Datta, M.A. be placed in the grade Rs. 200-10-300 on a suitable salary.

(2) That a temporary assistant be appointed during the absence of Mr. Chaudhury on leave.

88. Read a letter, dated the 23rd July, 1941, from the Editor, India Tomorrow, stating that they intend to hold the Inter-College Debating Competition on the 8th August, 1941, at the Senate Hall with Mr. Satishchandra Ghosh, as Chairman and to organise at the Calcutta University Premises during the first fortnight of September, 1941, an exhibition of the products of cottage industry, specially of those prepared at home and educational institutions in order to accelerate the development of cottage industries that will greatly help the solution of unemployment problem, and requesting permission to use the Senate Hall on the above dates.

Note.—The Senate Hall will be free on the dates mentioned above.

Resolved—That the Hall be lent on the usual conditions.

89. Read an application, forwarded by the Principal, M. C. College, Sylhet, from Miss Santi Majumdar who was permitted to appear at the I.Sc. Examination in 1942 under Section 1A of Chapter XXXV of the Regulations (Syndicate, Item 28, dated 21st April, 1941), praying that as the M. C. College, Sylhet, does not allow her to attend Practical classes for the I.Sc. Examination unless she gets herself admitted into the college as a 'regular plucked' student and as she is too poor to meet the expenses for further studies in the college, she may be permitted to appear at the I.Sc. Examination in 1942, unconditionally without attending Practical classes.

Resolved—That the Syndicate regret that the application cannot be granted. The candidate must attend Practical classes in the Science subject for the period prescribed in the Regulations.

In this connection the Registrar placed before the Committee a letter, dated the 4th May, 1941, from the Principal, Saadat College, Karatia, reporting that a devastating storm blew over Karatia on 26th April, 1941, causing extensive damage to the college hostels and that a minimum of Rs. 2,000 would be required for immediate repairs and reconstruction of the damaged blocks, but the college is not in a position to provide more than Rs. 1,000 for the purpose, and requesting that Rs. 1,000 may be granted for the repairs and reconstruction of hostels in addition to Rs. 3,500 prayed for in his application, dated the 21st April, 1941.

v. This Conference request the Universities of Calcutta and Dacca to take such steps as would ensure re-organisation of the College libraries on modern lines and appointment of whole-time trained librarians with adequate academic qualifications on the same pay and status as those of the academic staff.

vi. This Conference request the Government of Bengal and the University of Calcutta and the Dacca Board of Intermediate and Secondary Education to introduce at an early date a graded course of instruction in “ the use of books and libraries ” in the school and to impress upon the school authorities for affording facilities to the teachers in charge of the school libraries to receive adequate training in librarianship.

vii. This Conference record with pleasure the successful continuance of the Library Training courses of the Association and absorption of the major number of qualified candidates by different library authorities of the Province including the Government of Bengal and the University of Calcutta. It is

expected that in filling up vacancies the library authorities will bear in mind the question of further absorption of qualified candidates. The Conference request that adequate financial assistance be given to the Association by the University of Calcutta and Corporation of Calcutta towards running their Summer Course of training in Librarianship in an efficient manner.'

Read a letter from the President, Manipuri Sahitya Parishad, Imphal, Manipur State, forwarding names of three books in Manipuri which were considered by the Parishad suitable for being prescribed for the B.A. Examination, and requesting that Manipuri might be recognised as a Vernacular for the B.A. Examination.

Read also the following extract from the Proceedings of the 6th Annual Session of the Manipuri Sahitya Parishad, forwarded by its General Secretary relating to the subject :—

‘*Resolution No. I*

Whereas for four or five years now a large majority of Manipuri students have failed in the B.A. Examination due to Manipuri not being recognised as a Vernacular for the B.A. Examination ;

Whereas despite the repeated representations being made every year to the Calcutta University to alleviate the difficulties no sympathetic response is as yet received ;

This Conference, therefore, resolves that the Calcutta University be approached to immediately effect the affiliation of Manipuri as a Vernacular for the B.A. Examination so that Manipuri students may be allowed to take up Manipuri as a Vernacular in the B.A. Examination in the year 1942.'

Note.—The prayer for recognition of Manipuri as a Vernacular for the B.A. Examination was placed before the Board of Studies in Sanskrit Languages on the 14th December, 1940 (Syndicate, dated the 20th December, 1940) when it was resolved as follows :—

'That the matter will be considered when a Grammar and printed books suitable for being prescribed for the B.A. Examination are available.'

Read also a note from Professor Suniti Kumar Chatterji to whom the matter was referred.

3. *Resolved*—That the following note drawn up by Prof. Suniti Kumar Chatterji, M.A., D.Lit., be sent to the President, Manipuri Sahitya Parishad, Imphal, Manipur State, for information :—

Manipuri for the B.A. Examination

The attitude of the University of Calcutta has always been very sympathetic towards all backward languages, but the case for Manipuri for recognition as a language with an equal status with Bengali and other developed Modern Indian Languages upto the B.A. Examination is not at all a strong one. The total number of printed books available in Manipuri is not yet 100 (one hundred), and most of these are school books, with a good few no longer in print. For Manipuri to be included in the B.A. curriculum, there should be at least half-a-dozen good prose works, translation or original ones, available in print, besides an equal number of verse ones. Looking at the list submitted to the University of Calcutta, it seems that there is hardly any printed book which comes up to the required standard. A number of works suggested as suitable for the B.A. have already been prescribed for the Matriculation and the Intermediate Examinations. There ought to be a few reserve works for change for these two under-graduate examinations.

The University feels very sympathetically towards the representation made on behalf of Manipuri for inclusion in the B.A. course, but as things stand, in the interest of higher education it cannot now receive this representation favourably. The University will insist on the publication of a good Grammar of Manipuri in either Manipuri or English which will give a detailed treatment of the language and will be suitable for advanced students. *Shingel Indu* (No. 89) and *Moirang Thoibi* (No. 88) would appear to be suitable for the B.A. judging from the subject-matter, but the University authorities must have a look at the books before these can be accepted as suitable. Some portions of the *Srimad Bhagavata Purana* in Manipuri translation should be also eminently suitable, also the Manipuri translation of the Chaitanya-Charitamrita but these should be sent to the University for inspection and opinion.

If the supporters of Manipuri, including the Manipur Government, were to make available in print the following texts in addition, say within one year, then the question of the inclusion of Manipuri in the B.A. will be substantially assisted when it is presented before the University again.

No. 90 (in the typed list) *Khamba Thoibi*.

(Query : Is it a new and original composition by Sjt. H. Anga Pal Singh, or a collection of the current ballads and songs about Khamba and Thoibi ? A collection of the extant popular literature about this hero and heroine will be very welcome and will form a very important item in Manipuri literature)

No. 91—Yathaing Koni

No. 93—Ihemona

No. 94—Kangra—Badha

No.	95—Bhagya Chandra
No.	99—Essays
No.	100—Essays
No.	101—Essays
No.	103—Sakuntala
No.	104-106—Translations from Bengali

In case original works are not forthcoming, the Manipuri Sahitya Parishad and other friends of Manipuri language and literature should take immediate steps for the publication of translations of suitable books (essays, fiction, popular Science and Philosophy, &c.) from English and Bengali. For the present, the University considers that the question of including Manipuri as a Vernacular for B.A. candidates should be kept in abeyance.

4. *Resolved*—That the following subjects be recommended for the Mokshada Sundari Gold Medal and the Nalini Sundari Gold Medal for the year 1941, respectively :—

1. The Minutes of the Syndicate, dated the 9th August, 1941 (No. 34), were read and confirmed.

2. Read an application, forwarded by the Principal, Vidyasagar College, from Kshitish Ch. Paul, who appeared at the last B.A. Examination but who was expelled from the examination hall for having adopted unfair means, praying that, as he has been debarred from appearing at any examination in 1942, he may be permitted to appear at the B.A. Examination in 1943.

Note.—Examination of 1941 was cancelled and debarred from appearing at any examination in 1942 as the candidate was found in possession of slips with notes scribbled on them. Many other slips he threw in the urinal when detected.

Ordered—That the applicant be informed that he may appear at the B.A. Examination in 1943 after prosecuting a regular course of study for one year immediately preceding the examination.

3. Read an application, forwarded by the Principal, Presidency College, Calcutta, from Anantanath Bhattacharyya, who after attending lectures for the M.A. Examination in English (Group A) during 1939-41, appeared at the examination in 1941 (Roll Cal. E. (A) 75) but could not complete it owing to illness, praying that he may be permitted to appear at the examination in 1942 without further attendance at lectures.

Resolved—That the application be granted subject to the conditions laid down in Section 4-A, Chapter XXXIII of the Regulations.

4. Read an application, forwarded by the Principal, University Law College, from Radhaballav Ray, praying that, he may be permitted to appear at the Preliminary Examination in Law in December, 1941, as a non-collegiate student without further attendance at lectures and without payment of fresh Non-Collegiate Student's fee.

He attended lectures in the 1st-year Class during 1940-41 but was refused permission to sit for the Preliminary Examination in Law in June, 1941, as a non-collegiate student as his attendance at lectures was below 50% (*vide* this Office letter No. C.6710/Law, dated the 29th May, 1941). It is now stated that his attendance for several days was not counted as he was a defaulter in respect of his college dues and as he has since paid his college dues his attendance during the period of default has been restored and it is found that the percentage of his attendance at lectures fell short only in Hindu Law where it comes up to 51%.

The Non-Collegiate Student's fee was paid on 21st May, 1941.

Resolved—That the Syndicate recommend to the Senate that the applicant be permitted to appear at the next Preliminary Examination in Law as a non-collegiate student.

5. Read an application, forwarded by the Secretary, Councils of Post-Graduate Teaching in Arts and Science, from Sanjibchandra Chatterjee, praying that in the circumstances stated below, he may be permitted as a special case

The candidate attended the class lectures in the subject during 1940-41, in the Post-Graduate Department of the University and has been promoted to the 6th-year Class this session (1941-42), but as he cannot defray his expenses, he has accepted appointment in a merchant office and cannot therefore attend his classes.

The candidate states that if absolutely necessary, he is prepared to pay the monthly tuition fees for the 6th-year Class and any other additional fee that he may be required to pay (although he cannot attend the class).

Resolved—That the Syndicate regret that the application cannot be granted.

6. Read an application supported by a Medical Certificate and forwarded by the Principal, Ripon Law College, from M. Abdur Rahman Khan, who, after completing Final Law Lectures in 1937-38, could not sit for the examination within the 4th chance and who, after attending lectures for six months (December, 1940 to May, 1941) was permitted to appear at the Final Law Examination in June, 1941 [*vide* this Office letter No. C.6586-Law (Syndicate) dated the 21st May, 1941], praying that as he could not, owing to an attack of malarial fever, appear at the said examination he may be permitted to appear at the Final Examination in Law in December, 1941, without further attendance at lectures.

Resolved—That the Syndicate regret that the permission asked for cannot be granted. The candidate must prosecute a regular course of study for one year before he can be allowed to appear at the examination.

7. Read an application, forwarded by the Vice-Principal, Asutosh College, Bhowanipur, from Rani Ghosh, a 3rd-year B.A. student of the college, praying that as her surname ' Ghosh ' has been changed to ' Datta ' by reason of her marriage, necessary change may be made in the records of the University.

9. Read applications, forwarded by the Principal, University Law College, from the undermentioned students, who took Leaving Certificates from the 2nd-year class after attending lectures up to the 30th November, 1940, i.e., after completing their 1st term, praying for permission to join the 2nd-year class now in order to complete their attendance in the other two subjects:—

“2. Read a letter No. 308-Edn., dated 10th February, 1941, from the Secretary to the Government of Bengal, Education Department, forwarding copy of the following letter No. 86, dated the 23rd January, 1941, from the Inspector of Public Instruction, Bengal, to the Secretary to the Government of

Bengal, Education Department, on the subject of maintenance of discipline in colleges and requesting that Government may be favoured with the views of this University.

No. 86.

Dated the 23rd January, 1941.

FROM

THE DIRECTOR OF PUBLIC INSTRUCTION, BENGAL,

TO

THE SECRETARY TO THE GOVERNMENT OF BENGAL,
EDUCATION DEPARTMENT.

SIR,

I have the honour to address Government on the subject of maintenance of discipline in colleges and to submit for the consideration of Government that it has been suggested that for the enforcement of discipline in colleges managed by Government or aided by them, the Principals might be given authority to issue transfer certificates without payment of transfer fees to students whose presence in the college is undesirable. This power would, of course, be used very sparingly and after careful consideration.

In this connection a reference is invited to rule 6 on page 81 of the Bengal Education Code in terms of which the admission, withdrawal, transfer, and expulsion of students are regulated by the rules in Chapter XXIII of the Calcutta University Regulations and to point out, among other things, that under the rules now in force the Principal of a college cannot grant transfer certificate to a student without a formal application countersigned by his parent or guardian, nor can he excuse the payment of transfer fee without the sanction of the competent authority. Government may sanction exemption of the transfer fee in Government colleges, but the concurrence of the University is essential to the issue of the rules suggested.

As however, the authority proposed to be given to the Principal would to a great extent remove the difficulty so often experienced now a days in our colleges, I would request that Government may be pleased to take this matter up with the authorities of the University and have the transfer rules amended by them in the manner suggested above.

I have, etc.,

(Sd.) A. Rahman,

For Director of Public Instruction, Bengal.

Ordered—That Government be informed that the University is prepared to accept the suggestion provided the action taken against the student or students concerned is approved by the Governing Body of the college and the matter reported to the University with a brief statement of the case it being pointed out that the reason for transfer in each case should be clearly stated in the transfer certificate."

Note.—(1) The Proceedings of the Transfer Committee, dated the 20th March, 1941, were confirmed by the Syndicate with the exception of the above item No. 2 which was ordered to be brought up for consideration next time. (Syndicate item No. 106, dated the 22nd March, 1941).

In this connection, the Registrar placed before the Syndicate a statement of replies received from the Principals of affiliated colleges on the subject and also a draft proposal for changes in Chapter XXIII of the University Regulations.

Resolved—That the proposed change in the Regulations be forwarded to Government with the request that the opinion thereon may be communicated to this University.

Read a letter, dated the 2nd August, 1941, from the Assistant Secretary to the Government of Bengal returning license in respect of 15, Girish Vidyaratna Lane (which was sent to Government duly executed on behalf of the University) and stating that a plan of the land is to be annexed by the deed before it can be executed by the Government. It is further stated with reference to the first proviso to clause (6) of the license providing for payment of compensation to the University in the event of the land, buildings, etc. being resumed by Government in certain circumstances, that the question of compensation for the land does not arise, as the

land vests absolutely in Government and is merely being licensed to the University. It has been requested that a plan of the land may be annexed to each copy and the first proviso to clause (6) may be revised by the deletion of 'the land and' in line 2 and of 'land' in line 7, before the document is forwarded to the Government for execution.

Note.—(1) The draft license, as approved by the Syndicate, was forwarded to Government on 31st August, 1940 and the same was returned approved by Government for re-submission after engrossment. Government returned this draft deed of license as finally settled for favour of execution in duplicate on behalf of the University and for re-submission to Government for execution. This was done and Government now request that the words 'land and' in line 2 and 'land' in line 7 of the first proviso to clause (6) may be deleted before the document is forwarded to Government for execution on the grounds stated above.

(2) Government in their letter No. 3038-Edn., dated the 13th September, 1937, stated that the land after acquisition would vest absolutely in Government and would be made over to the authorities of the Calcutta University by a license, the charges on account of contingencies and cost of establishment and pay of the land acquisition collector were not recoverable from the authorities of the University. The Syndicate on 30th July, 1938 approved of the procedure suggested by Government.

Resolved—That a letter be addressed to Government pointing out that as the price of the land was paid by the University it should be entitled to compensation for the land also in the event of the land being resumed by Government. It be also pointed out that the University agreed to the procedure suggested in Government letter No. 3038-Edn., dated the 13th September, 1937, on the ground that the charges for the acquisition would not in that case be required to be paid by the University and on the understanding given by Government that the land would be made over to the University by a license. It was not mentioned by Government at that time that no compensation would be paid to the University in case Government resume the land.

Paragraph of the Audit notes	Observations of the University	Observations of Government	Order
<p>8(a) Provision has been made in the Regulations of the Calcutta University for granting pensions and gratuities to retired officers and servants, vide Regulation No. 8, Chapter VII, but monthly compassionate allowances are also granted to the families of deceased employees in some cases with the sanction of the Senate. It may be considered whether instead of each case being dealt with individually, suitable rules should not be framed for this purpose and incorporated in the Regulations.</p>	<p>At present each case is considered on its own merits and specific orders are taken from the Senate on deserving cases only. The Syndicate do not therefore consider it necessary to frame any general rule on the subject.</p>	<p>The present practice may be continued.</p> <p>The matter be recorded.</p>	
<p>11. The stock accounts of the different departments did not appear to have been verified as no verification reports could be shown. These may be verified annually if not at shorter intervals</p>	<p>It has been decided that the stock in the various departments of the University will be taken once in three years; but if that is not found possible, once in five years. Last stock-taking was done during the summer vacation of 1938.</p>	<p>Government consider it desirable that the suggestion of the Auditor should be followed by the University as there are distinct advantages in verifying the stock at shorter intervals than 3 or 5 years.</p>	<p>The question will be duly considered by the Syndicate.</p>

13. It appears from the Issue Registers of the Library that many books which were issued during the years 1936, 1937 and 1939 have not yet been returned in contravention of rule 5(h) of the rules governing the use of the Central Library which requires that the books should be returned within two calendar months. A few instances of the kind are noted in Annexure C. On enquiry it has been stated that some of the books in question are required by the University Lecturers for constant use in connection with their lectures, and they would again be asked to return the books and the matter if required would be placed before the Library Committee. It may be considered whether the borrowers may not be requested to return the books after the prescribed period is over and get them reissued in conformity with the rules quoted above.

2, 6, 7, 8(b), 9, 12, 16 and 18

12 books out of 16 outstanding have been received back only, 4 remains to be accounted for in connection with which reminders have been sent.

In the opinion of Government the borrowers of books may be requested as suggested by the Auditor to return the books after the prescribed period is over and get them reissued in conformity with the rules.

- (1) Government be informed that the suggestion will be followed.
- (2) That the matter be referred to Library Executive Committee.

...

"I did never copy, nor consult anybody. I was never warned by any guard or presiding officer... One thing might have been possible, and that is this that the examinee bearing Roll Cal. 322 whose name and number, as I see from the gazette, have also been cancelled for similar reason, might have copied my answers without my knowledge, and consent and connivance as copying by Roll No. 322 was possible due to close arrangement of seats in the 5th-year Bengali class room of the Asutosh Buildings .. I solemnly declare that I have got no acquaintance with Roll No. 322, far from being friendly with him."

84. The Registrar placed before the Syndicate the following draft circular to be issued to the Heads of recognised schools and affiliated colleges :—

Circular No. Pub.....66.

FROM

THE REGISTRAR, CALCUTTA UNIVERSITY,

TO

THE HEADS OF RECOGNISED SCHOOLS AND AFFILIATED COLLEGES.

Senate House, the 1941.

It has been noticed that most of the students of this University, are unable to write Sanskrit in Devanagari Script even when they join the Post-Graduate Classes in Sanskrit. This is not only undesirable, but also inconvenient from many points of view. Answer papers in Sanskrit written by our students are often sent outside Bengal for examination by Sanskrit scholars not acquainted with the Bengali script and they experience considerable difficulty in examining the papers if they are written in that script. Students themselves are also seriously handicapped when carrying on research work, as most of the Sanskrit texts are written in the Devanagari script. The matter was considered by the Hon'ble the Vice-Chancellor and Syndicate and they desire the undersigned to request the Heads of recognised schools and affiliated colleges to take necessary steps for encouraging students to write Sanskrit in the Devanagari script throughout their educational career.

Registrar.

Note.—The Board of Studies in Sanskrit, dated the 2nd August, 1941, passed the following resolutions which was confirmed by the Syndicate, dated the 9th August, 1941 :—

" 3. *Resolved*—That the Board recommends that a Circular be issued to the Heads of recognised schools and affiliated colleges with a view to encouraging students in writing Sanskrit in the Devanagari character instead of in Bengali."

It is further stated that works in connection with (a) Plastics, (b) Splitting of oils, (c) Acetic acid, (d) Synthetic Perfumes are being done subsidised by some members of the public, which had nevertheless been going on in his laboratory before these subsidies were received.

Note.—The Syndicate on 18th July, 1941, resolved that Dr. Goswami, be asked to submit a statement regarding outside works undertaken by him. [Syndicate, dated the 18th July, 1941 (65)].

Ordered—To be recorded.

86. Read a letter, dated the 19th August, 1941, from the Principal, Scottish Church College, stating that the cost of the chemicals, etc., used at the last B.Sc. The Syndicate on the 23rd August, 1941, sanctioned Rs. 207 (*vide* Syndicate, dated the 23rd August, 1941 (111 original).

Resolved—That the Principal be informed that the cost is paid at a uniform rate in all affiliated colleges and the Syndicate regret that no amount in excess of this rate can be paid.

Examination in 1943.

The applicant was educated in the Loreto Day School where there was no arrangement for teaching Bengali.

Resolved—That in the circumstances the application be granted in modification of the previous orders on the subject.

The above matter was placed before the Syndicate on the 11th November, 1940, when its consideration was postponed.

Read also a letter No. 4992, dated the 5th August, 1941, from the Secretary, Board of Intermediate and Secondary Education, Dacca, stating in reference to this Office letter—

No. C-3249-S.O , dated the 6th December, 1940, that altogether 639 students of the Calcutta University joined colleges under the Board after passing the Matric. Examination in 1939.

~~Note~~—The above is the reply to this Office letter No. C-3249-50, dated the 9th December, 1940, asking for a statement showing the actual number of students who migrated to the Dacca Board from this University during the year 1939. In that connection the Secretary of the Board was informed that about 222 students joined this University on migration from the Dacca Board during that year. The amount involved is, therefore Rs. 3,330."

Resolved—That the matter be referred to the University Finance Committee.

112. Read a letter, dated the 11th August, 1941, from the General Secretary, Calcutta University Athletic Club, enquiring if the Calcutta University will participate in the coming Inter-University Swimming Competition to be held at Allahabad.

It is also stated that the University Swimming Club is not controlled by the Calcutta University Athletic Club.

Read also the following note from the Secretary, Students' Welfare Committee, Calcutta University, on the subject:—

The Students' Welfare Committee which organised the Inter-Collegiate Swimming Competition till last year decided to cease organising the competition to enable the Calcutta University Athletic Club to form a swimming section in view of the fact that swimming was included as an event for Inter-University competition.

A special committee was appointed last year for organising an Inter-University tournament at Calcutta in November. As no entries were received from other Universities the tournament could not be held and the committee did not meet.

I do not know whether the Calcutta University Athletic Club has organised a swimming section. The Students' Welfare Committee has not made any provision for swimming in the budget for the year 1941-42.

Read also a letter, dated, the 27th August, 1941, from the General Secretary Calcutta University Athletic Club, *re* cost to be incurred by this University for participating in the Inter-University Swimming Competition to be held at Allahabad.

Agharkar, Head of the Department of Botany to the Director of Agriculture, Bengal, expressing his views on the scheme for research on Soil Bacteria (submitted by Rai Bahadur G. C. Chatterjee) proposed to be undertaken by the University under the auspices of the Imperial Council of Agricultural Research which (Scheme) was forwarded to the Director of Agriculture with the approval of the Syndicate. Prof. Agharkar states that the particular aspects of the problem proposed for investigation have not been indicated, and that the age of the author (who is more than 70 years of age) was likely to militate against the proposal and suggested that the scheme be returned to the author for elucidation and placed for consideration at the next meeting of the Bengal Provincial Agricultural Research Committee.

Read also a memo., dated the 28th May, 1941, from the Director of Agriculture, Bengal, forwarding a copy of a letter, dated the 22nd May, 1941, from the Head of the Department of Chemistry to the Director of Agriculture, Bengal, on the above subject.

Read also an endorsement, dated the 15th August, 1941, from Prof. H. K. Mookerjee, forwarding a letter from Rai Bahadur G. C. Chatterjee, Honorary Lecturer, Proto-Zoology offering his remarks on the observations made in regard to the "the scheme for study of Soil Bacteria of Calcutta and the neighbouring districts under the auspices of the Imperial Council of Agricultural Research" for transmission to the Director of Agriculture, Bengal.

Note.—The Syndicate on 19th April, 1941, considered the proposed scheme which was forwarded by Prof. H. K. Mookerjee with the remarks that the scheme would not entail any extra-expenditure on the part of the University, and ordered that the letter with its enclosures be forwarded to the Secretary, Imperial Council of Agricultural Research, for consideration (Syndicate, dated the 19th April, 1941 (125).

Resolved—That the letter of Rai Bahadur G. C. Chatterjee be forwarded to the Director of Agriculture, Bengal.

115. Read a letter from Dr. R. K. Das, who was appointed a Special University Reader on a honorarium of Rs. 500 and who delivered his lectures in July last, requesting that the honorarium may be advanced to him as he expects to leave India at any moment and stating further that he expects to submit his final treatise for publication in about a year.

Resolved—That Mr. Das be informed that the honorarium will be paid on receipt of the manuscripts of his lectures ready for publication.

116. Read a letter, dated the 24th August, 1941, from the Director of Public Instruction, Assam, stating that in connection with the proposal for an extension of affiliation of the M. C. College, Sylhet, in Bengali (2nd Language) to the B.A. (Pass and Honours) standards, the Government of Assam have sanctioned the appointment of two teachers for Bengali alone as requested by the University and that the undermentioned gentlemen have been appointed temporarily in these posts:—

(1) Babu Jatindramohan Bhattacharyya, M.A., Lecturer, Bengali Department, Calcutta University.

(2) Babu Brajendrakumar Acharyya, M.A. (Class I in Sanskrit and Class II in Indian Vernaculars).

It is intimated that permanent appointment will be made by Government on the recommendation of the Public Service Commission on receipt of the applications invited through advertisement in the press.

It is requested that necessary steps may be taken for the affiliation of the college in Bengali (2nd Language) to the B.A. Pass and Honours standards from the session 1941-42.

Resolved—(1) That the Director of Public Instruction, Assam, be informed that the Syndicate regret that they have to adhere to their previous decision.

(2) That the Director be further informed that the question may be taken up for consideration if affiliation of the college is sought from the session 1942-43.

117. Read an application forwarded by the Principal, St. Edmund's College, Shillong, from Rameschandra Bhatia, who intends to join the 1st-year Class of the college.

praying that he may be permitted to take up Urdu as Vernacular in which the college is not affiliated for the I.Sc. Examination.

It is stated that the candidate will receive instruction in the subject through private tuition.

The Principal states that he has not been admitted pending orders from the University and requests that special cases like this one may kindly receive sympathetic consideration.

Note—It appears that the student also intends to take up Botany for the I.Sc. Examination in which the college has not yet been formally affiliated (the question of affiliation in Botany is pending before Government) although no application for taking Botany has been separately submitted.

Resolved—That in view of the fact that the college admits candidates with subjects in which the college is not affiliated and that the Syndicate on various occasions objected to this procedure and warned the college not to admit such students in future, the Syndicate regret that the application of the candidate cannot be granted. The candidate be informed that if he proposes to take up Urdu he must seek admission to a college which is affiliated in the subject.

118. Read a note from the Controller of Examinations regarding immediate disposal of used answer-books now stocked in the paper godown.

The Syndicate also considered the desirability of either rebuilding or thoroughly repairing the paper godown.

Resolved—That the matter be referred to the Board of Studies in English.

121. Read an application forwarded by the Principal, University Law College, from Mr. Baidyanath Mukherjee, a member of the Legislative Assembly, Assam, who attended lectures in the 3rd-year Class of the college during 1926-27, praying that he may be permitted to appear at the Final Examination in Law in December, 1941, without further attendance at lectures.

The candidate passed the Intermediate Examination in Law in July, 1927.

The Principal recommends the case for special consideration of the Syndicate and observes as follows:—

He is at present the Leader of the Opposition in the Assam Legislative Assembly. He was a member of the Dacca University Court till March, 1941. I do not think any useful purpose will be served in compelling him to re-attend college. We granted permission to several distinguished persons to appear at the Law Examination of this University without attendance at lectures. Similar permission may be conceded to Mr. Mukherjee provided he passes the Test examination held by the Principal of this college.

Resolved—That the Syndicate recommend to the Senate that the candidate be permitted to appear at the Final Examination in Law in December, 1941, as a non-collegiate student.

Ordered—That the applicant be informed that the above recommendation will not be placed before the Senate unless he pays the usual non-collegiate student's fee and produces the necessary documents.

Note.—It is stated by the Superintendent, Ripon Hostel, that all the 130 available seats have been filled up.

Resolved—That the applications be granted.

9. Read a letter, dated the 9th July, 1941, from the Superintendent, Vidyasagar Hostel, stating that as large sums of money, collected from the boarders, had to be retained in the hostel safe often for several days, the windows of his quarters overlooking the main road might be provided with iron bars to ensure safety.

Read also an estimate for Rs. 172 for providing iron gratings in the windows of one of the rooms from the University Engineer.

Resolved—That the work be included in the list of "Annual Repairs" of the hostel for 1941-42.

10. Read an application for licence from Mahila Nibas, a Non-Collegiate Hostel for girl students in Calcutta.

Read also an Inspection report on the Hostel.

Note.—The Hostel was kept under observation during the last year. The hostel authorities were subsequently asked to shift the hostel to a better locality, which they have done now.

Resolved—(a) That the license applied for be granted.

(b) That a copy of the report be forwarded to the hostel authorities for necessary action.

11. The Registrar reported that a non-collegiate rent-free hostel for girl students had been started at 171-B, Vivekananda Road, out of Rs. 2,000 which had been sanctioned for 1941-42 from Viharilal Mitra Fund for providing free-seats for girls, who were shifted from unlicensed cheap boarding houses to licensed hostels in Calcutta.

The Registrar placed before the Committee a statement of expenditure that would be necessary for the maintenance of the hostel for the current session.

Note.—During the last part of 1940-41, a number of girls were removed from unlicensed cheap boarding houses to licensed hostels, the University paying on an average Rs. 10 for each girl per month (Syndicate, item No 176 (5), dated the 19th April, 1941). Removal of poor girls to the licensed hostels, where the standard of living is maintained at a pretty high level, cannot be considered an ideal arrangement inasmuch as this causes an unnecessary increase in the personal expenses of the individual stipendiary (which she can ill-afford) and a certain amount of dissatisfaction and consequent unhappiness for being unable to live like the other boarders of the hostel. In this new hostel Hindu girls would be able to live comfortably, by paying only their messing charges. It will also be easy to maintain discipline in an institution which is not run for profit.

Read also a note from the University Audit Officer on the subject.

Note.—Under the rules, the Superintendent is required to be present in the hostel on the 25th June, when admission for the next session usually begins. The Assistant Superintendent may, therefore, be regarded as having officiated with effect from that date up to the 13th July, 1941, *i. e.*, altogether for 18 days. As the Steward was also absent during that period, he may be allowed to draw salary for those 18 days at the rate of Rs. 60 per month. Note.—The Principal in his forwarding note says 'Mr. Banerjee has to put in considerable extra work in looking after the Hostel Library and his application for remuneration for this work is very strongly recommended as deserving favourable consideration.'

The Assistant Superintendent gets Rs. 25 per month. The matter was placed before the Committee on 5th September, 1940 (item No. 8) when it was ordered to be brought up for consideration at the time of framing the Budget estimates for the hostel for 1941-42.

10. The Secretary placed before the Committee a note from the Librarian, *re* the damages done to books by white-ants and the weeding of mutilated and worm-eaten books, a number of stray and additional copies of magazines, periodicals, reports, etc., which have occupied much space of the Library and also regarding the pressing necessity of additional space to remove the congestion of the Library.

The recommendations of the Librarian are as follows :—

(1) The Library is in need of much more accommodation. At present one of the rooms, which is partly occupied by us for cataloguing section of the Library and the entire wall-space of which has been occupied by our almirahs, may be placed entirely at our disposal.

(2) The almirahs which have been affected by white-ants and which are not safe for use may be removed and sold out or be refitted with open racks so as to accommodate the books stacked in several places.

(3) All the mutilated and worm-eaten books and stray numbers of magazines may be weeded out. This worm-eaten books are a source of danger if they will be allowed to be kept in the Library.

(4) Arrangements may be made for the disposal of a number of Sadler Commission Reports (received from the Registrar's Office) after keeping 6 sets for the Library.

(5) The general stack is also more than full and it is increasingly becoming more and more difficult to accommodate the new acquisitions. Our further recommendation therefore is that the hall now being occupied by the Commercial Museum be placed at our disposal.

Note re : the accommodation and weeding of the mutilated and worm-eaten books

I beg to report that a large number of books forming parts of the special collections which have been kept in the two-storeyed glass almirahs in a room opposite the Commercial Museum has been affected by white-ants which have made their way throughout in the upper shelves of the almirahs and also in some places of the lower shelves which have been more or less affected. Some of these books (a list of which is enclosed) have been entirely destroyed. Last year this mischief was twice detected in two places when we had to remove books from the almirah and keep them on the floor and made an attempt to check the spread of these insects by applying "Creosote," "Verkil" and kerosine on the affected parts, but we now find that it is not possible to destroy altogether these white-ants which have made their abodes in several places

along the walls and the ceiling. All the books from these almirahs have to be kept out. For want of accommodation we are unable to keep them arranged and have been compelled to keep them in stacks in several places, more or less unprotected.

Besides, a number of mutilated books, stray number of magazines and a large number of copies of Sadler Commission Reports (about 300 volumes) which have been received from the Records Office of the University have occupied additional spaces in the Library.

We feel that unless additional space are immediately placed at our disposal books shall have to be kept exposed to ravages by nature, worms and insects and the most unequal weather of our country.

Resolved—To be recorded.

Resolved further—That a comprehensive list of books that can be weeded out without detriment to the qualitative value of stock be prepared.

Saha, requesting that the case of his son Sumitrajit Saha may be reconsidered and that he may be allowed to appear at the Matriculation Examination in 1942, as a private candidate with the subjects previously mentioned and to answer all his papers in English in view of the circumstances stated below :—

' Sumitrajit Saha was a student in Mitra Institution, Showanipur Branch, up to 31st January, 1937, where he was a student of Class VI. Had he been a student all along in that Institution he would have been in Class X in 1941 and as such could have appeared in the Matriculation Examination in 1942. But when he was admitted into St. Edmund's College (School Dept.) he was not taken in Class VI there, as their curriculum of Class VI was much in advance of that of any other school following Anglo-Vernacular syllabus, and also because all their subjects were taught through the medium of English.

He has, for nearly four years, been reading every subject through the medium of English.'

Note.—Necessary Certificate from the Head Master, Mitra Institution submitted; Item No. 36 of Syndicate, dated 9th August, 1941, is relevant to the case.

It is stated that there is a number of students in the institution who want to write their answer-papers in different subjects except English through the medium of their vernacular at the Matriculation Examination in 1942.

Read also a letter, dated 6th September, 1941, from the Head Master of the school, stating that the medium of instruction in the institution is English, and requesting permission in respect of the undermentioned boys of the school to write their answer-papers on History and Geography in their vernacular at the Matriculation Examination in 1942, in view of the fact that these are new admission cases from schools where the medium of instruction has been vernacular :—

Shahadat Hossain
Md. Israil Chawdhury
Zainul Abedin

Reazur Rahman
Sarfaraz Ahmad

Note—The school obtained exemption from the operation of the rule, relating to medium of instruction and examination until further orders (Item No. 53 of Syndicate, dated 9th April, 1937).

Resolved—(1) That the Head Master be informed that the medium of instruction and examination should be one and the same. Students having a Major Vernacular may however, write their answer-papers in the different subjects other than English in that Major Vernacular for the Matriculation Examination 1942.

(2) That the attention of the Head Master be also drawn to the circular *re* the medium of examination in Mathematics for students taking up Urdu as their Major Vernacular.

99. Read a letter, dated the 5th September, 1941, from the Head Master, Burnpore H. E. School (provisionally recognised up to 31st December, 1943, the school having obtained recognition from 1st January, 1941), Burdwan, enquiring if the non Bengalee students of Class X who intend to answer the papers on History, Geography and Elements of Public Administration in India through the medium of their own vernacular, *i.e.*, Hindi or Urdu, if possible, and on Mathematics in English in the next Matric. Examination may be allowed to submit their answers in the subjects in Hindi, Urdu or English as suits them.

It is stated by the Head Master as follows:—

“As ours is an industrial town, each class in our school comprises students of different communities, *e.g.*, Bengali, Hindi, Moslem, Sikhs, etc. So, instructions in Mathematics,

History, Geography, Hygiene and Science are imparted in from Classes VII to X, through the medium of English.

In school examinations, questions are answered by the Bengalee students in Vernacular while by the others in English."

'

The Committee considered in this connection, a letter, dated the 24th July, 1941 from the Honorary Secretary, Calcutta University Institute on the subject.

Resolved— That existing arrangements be continued this year.

Resolved further—That the question as to whether the University Athletic Club should directly conduct the sports activities with representatives of the University Institute on the Committee to be formed for the purpose be brought up for consideration later. "

Resolved—That the Proceedings be confirmed.

136. Read the following Proceedings of the Committee of Management of the Calcutta University Rowing Club, dated the 30th August, 1941 :—

" 1. Read a letter, dated the 23rd August, 1941, from Mr. S. M. (2) That a copy of a letter from the Secretary be forwarded to the Principal, Presidency College.

137. Read the following Proceedings of the Viharilal Mitra Endowment Committee dated the 13th September, 1941 :—

"1. Considered the following extract from the proceedings of the Executive Committee of the Council of Post-Graduate Teaching in Arts, dated the 15th July, 1941 :—

'6. Read the following Proceedings of the Research Fellowship and Research Scholarship Award Committee, dated the 11th June, 1941 :—

"5. Read an endorsement from Prof. Girindrasekhar Bose, D.Sc., M.B., Head of the Department of Psychology, forwarding with his recommendation an application from Miss Shanta Chaudhuri, who has been carrying on research on the preference of school children with regard to different school subjects and who has managed to collect materials from many girls' schools on this subject while working as the Lady Principal of Kamrunnessa Girls' H. E. School and Intermediate College, Dacca, praying that she may be granted a Research Fellowship to help her to continue the work she has undertaken.

(Miss Chaudhuri states further in her application that she has collected materials from 1,200 girl students studying in different schools of the province. From a preliminary survey of the collected materials derived from those 1,200 records, various important problems which have a special bearing on female education of this country are emerging out. In order to conduct research more thoroughly a comparative study of the girls and boys of the same age is necessary and she has examined about 600 boys of Mitra Institution of different age groups. Prof. Bose in recommending the case observes : Miss Chaudhuri has been engaged in very useful work. The problems she has been investigating has not been attempted here before. The results of this work when completed are likely to throw light on many obscure problems of female education. She fully deserves a Research Fellowship. She may be awarded a suitable Scholarship from Viharilal Mitra Fund).

Resolved—That the Committee recommend that Miss Shanta Chaudhuri, M.A., be awarded a Research Scholarship on usual conditions for one year in the Department of Psychology from 1st June, 1941 to 31st May, 1942, on Rs. 75 per month to be paid out of the Viharilal Mitra Fund."

Resolved—That the Proceedings be confirmed."

Note.—(1) The amount will be available from the Viharilal Mitra Fund but there is no provision in the current year's Budget for this specific purpose.

Note.—(2) The matter was placed before the Syndicate on the 23rd August, 1941, when it was referred to the Viharilal Mitra Endowment Committee and thereafter to the University Finance Committee.

Resolved—That the recommendation of the Executive Committee of the Council of Post-Graduate Teaching in Arts be accepted.

2. The Registrar placed before the meeting the following extract from the Proceedings of the Students' Residence Committee, dated the 26th August, 1941, confirmed by the Syndicate, dated the 30th August, 1941 :—

'11. The Registrar reported that a Non-Collegiate Rent-free Hostel for girl students had been started at 171-B, Vivekananda Road out of Rs. 2,000

which had been sanctioned for 1941-42 from Viharilal Mitra Fund for providing free seats for girls, who were shifted from unlicensed cheap boarding houses to licensed hostels in Calcutta.

The Registrar placed before the Committee a statement of expenditure that would be necessary for the maintenance of the hostel for the current session.

Note.—During the last part of 1940-41, a number of girls were removed from unlicensed cheap boarding houses to licensed hostels, the University paying on an average Rs. 10 for each girl per month (Syndicate item No. 176 (5), dated the 19th April, 1941). Removal of poor girls to the licensed hostels, where the standard of living is maintained at a pretty high level, cannot be considered an ideal arrangement inasmuch as this causes an unnecessary increase in the personal expenses of the individual stipendiary (which she can ill-afford) and a certain amount of dissatisfaction and consequent unhappiness for being unable to live like the other boarders of the hostel. In this new Hostel Hindu girls would be able to live comfortably by paying only their messing charges. It will also be easy to maintain discipline in an institution which is not run for profit.

Statement of Expenditure

Electric Charges	15 × 12	= 180

(2) That a supplementary grant of Rs. 1,400 be sanctioned for the purpose for 1941-42, the amount being paid out of the Viharilal Mitra Fund.

(3) That the matter be referred to the Viharilal Mitra Committee in the first instance.

" 1. Read a letter from Mr. Niradkumar Sen, Guruprasanna Ghosh Scholar for 1941, stating that due to present international situation the booking has become very uncertain and the passage very costly (750 dollars in the minimum) and that he has requested the Dean of California University to postpone his admission till next session and requesting that the scholarship may be made available next year. Resolved—That the award of the scholarship to Mr. Niradkumar Sen be cancelled and that it be kept in abeyance.

Ordered—That the candidate be informed that he may apply for the scholarship when advertisements for the purpose will be issued.

2. Considered at the request of the Syndicate, a letter dated 23rd May, 1941, from Mr. M. G. Sarkar, Guruprasanna Ghosh Scholar, now in England praying for further extension of the term of the scholarship, awarded to him in 1938, in view of the present International situation, it being very difficult, if not impossible, for him to return to India at the present time.

It is stated by the applicant that he intends to carry on research on the manufacture of modern fabrics and the finishing of the same.

Note.—Award of the G. P. Ghosh scholarship for the year 1941 has been already made.

Paragraph of the Audit notes.	Observations of the University.	Observations of Government.	Order.
11. The stock accounts of the different departments did not appear to have been verified as no verification reports could be shown. These may be verified annually if not at shorter intervals.	It has been decided that the stock in the various departments of the University will be taken once in three years ; but if that is not found possible, once in five years. Last stock-taking was done during the summer vacation of 1938.	Government consider it desirable that the suggestion of the Auditor should be followed by the University as there are distinct advantages in verifying the stock at shorter intervals than 3 or 5 years.	The question will be duly considered by the Syndicate.

Note.—On a letter from the Government of Bengal forwarding Audit Report for 1930-31 the Syndicate on the 22nd March, 1935, decided that the stock in the various Departments of the University would be taken once in 3 years but if not found feasible once in 5 years. Government consider it desirable that the suggestion of the Auditor should be followed by the University as there are distinct advantages in verifying the stock at shorter intervals than 3 or 5 years.

“The boy was permitted to answer all his papers other than those on Vernacular and Classical Language in English in the last Matriculation Examination when he was a student of the Hare School. Because of some unhappy circumstances, he became so helpless that he had no other alternative but to give up his studies altogether when the result of the last Matriculation Examination was out.

One of his distant relatives then, at that stage, came forward and provided him with food and clothing and he also prevailed upon the members of the Managing Committee of our school to grant the boy full free-studentship.

As regards Mathematics, the University authorities have been already kind enough to extend the privilege of answering in English to all plucked students who were once permitted to do so in the last Matriculation Examination. 144. Considered the following note from Prof. Meghnad Saha, D.Sc., F.R.S., *re* the building for the Cyclotron:—

“After the return of Dr. Nagchoudhury, the special cyclotron officer from America, we had gone through the plans of the cyclotron building. It has been found that the original plan of having an one-storied building did not give us sufficient room for biological and other physical work. So we sat down together and drew up a new plan in consultation with the engineer. A few rooms have to be added on the second story, and according to the estimate of the engineer, the total cost for the second story inclusive of electrical connection and sanitary fittings would come up to Rs. 8,622 (eight thousand six hundred and twenty-two). The engineer has satisfied me and himself that the new plans would not interfere with the plan of the building contemplated on the rest of the site, for locating the other departments.

Financial Position—Rs. 20,000 has been provided in the budget for the cyclotron building and the contractor's estimate for the first story is Rs. 15,456. This leaves us a balance of Rs. 4,544 from the sanctioned amount. So the net extra amount needed for completing the second floor is Rs. 8,622—Rs. 4,544 = Rs. 4,078.

I would request the Hon'ble the Vice-Chancellor and the Syndicate to sanction this amount either in the supplementary budget or from the existing cyclotron fund. If it is sanctioned from the second source, it may be replenished in the next year's budget from a special grant.”

Resolved—That the matter be referred to the University Finance Committee.

Subject—*Military Certificate Examinations*

Dear Sir,

I beg to inform you that that the Junior Military Certificate Examination is in force for the last 3 years and now many cadets of this Corps have become eligible for the Senior Military Certificate Examination this year.

The Officers of this unit have been giving various lectures and practical demonstrations and instructions to the cadets appearing for the Junior Military Certificate Examinations for all these years which work on the part of my officers is voluntary.

A certain number of special lectures have to be given every year in addition to the above-mentioned lectures (theoretical and practical) throughout the year, and for the first two years, services of the Regular Officers had been requisitioned for the purpose and the University, I understand, paid certain remuneration for every period of such lectures.

From last year these special lectures are being delivered by the Officers of the Corps, and the attached list will show that 20 special lectures each are required for the Junior and Senior Military Certificate Examinations. For the special lectures delivered last year no remuneration was paid.

It is estimated that every year there will be at least 50 candidates for the Junior and 25 candidates for the Senior Military Certificate Examinations. Each candidate pays a fee of Rs. 3 for the examination.

In view of this, I would request you to consider the question of remuneration for the special lectures delivered by the Officers of this unit at the rate of Rs. 10 for each period of lecture. The total amount on that account is not estimated to exceed Rs. 400 a year.

Yours faithfully,

D. N. BHATTACHARYYA, MAJOR.
*Commanding 2nd (Calcutta) Bn. University
Training Corps, I.T.F.*

Resolved—(1) That the Committee approve of the arrangement for the delivery of special lectures (20 each for the Junior and Senior Military Certificate Examinations) to the cadets of the corps by its officers and recommend that a remuneration at the rate of Rs. 10 for each lecture be granted to the Lecturers.

(2) That the Lecturers be requested to draw up syllabuses of the subjects on which they are to deliver lectures as also to prepare synopses of their lectures which should be forwarded to the University by the end of December, 1941, and that the syllabuses and the synopses when approved be forwarded by the University.

Resolved further—That the rate of remuneration for the Examiners for the Junior and Military Certificate Examinations be fixed as follows :—

Junior Military Examination—same rate as for the Examiner for the Intermediate Examination.

Senior Military Examination—same rate as for the Examiner for the B.A. and B.Sc. Pass Examination."

The Registrar placed before the meeting in this connection a letter, dated the 13th September, 1941, from Lt. R. F. S. Warren, a member of the committee, on the subject of grant of remuneration to the Officers who would lecture to the Cadets. The following is an extract from the letter :—

"I should like to record my strong protest against the suggestion that Volunteer Officers of the University Training Corps should seek remuneration for the lectures which they from time to time deliver to members of the Unit, as this work constitutes an essential part of the duties which Officers of such Units undertake in accepting Commissions and should be looked upon as a privilege."

Resolved—That the Proceedings be confirmed.

149. Read the following Proceedings of the Committee appointed by the Syndicate to consider the question of Patent Rights and allied questions arising on the researches done in the University College of Science with the aid of Government grant :—

"The Committee appointed by the Syndicate to consider the question of Patent Rights and allied questions arising on the researches done in the University College of Science with the aid of Government Grant met on the 23rd August, 1941, and again on the 8th September, 1941.

On the 23rd August, the Committee resolved as follows :—

(1) That a Committee be appointed to regulate and co-ordinate schemes for research work undertaken with the assistance of funds from Government.

(2) That the representatives of the University on Government Boards should take necessary instructions from this Committee with regard to the discharge of their duties.

The Committee is of opinion that the agreement as it stands cannot be approved and that scholars carrying on researches under the scheme should enter into an agreement with the University in the matter.

With a view to clarifying the matter Sir S. S. Bhatnagar be invited to attend the next meeting of the Committee.

Sir S. S. Bhatnagar, Kt., O.B.E., D.Sc., F.Inst.P., attended on invitation the meeting of the Committee held on the 8th September, when the matter was discussed with him and the following note was received from him on the subject :—

‘As soon as a research has been completed a notice to this effect is sent to the Director of Scientific and Industrial Research. He gets a non-technical pamphlet prepared in which the costings of the process, the economics of the product, the availability of the raw materials and if possible export and import figures are supplied. The note is then circulated to the University concerned to the Supervisor under whom the work has been conducted, to the various Chambers of Commerce, Banks, important business men in the country and any other parties that are interested in the inquiry. Offers are then invited from the parties interested and they are considered by the Industrial Research Utilisation Committee which consists of some of the most important business men in this country and which is presided over by the Hon'ble the Commerce Member. The University or the research worker can suggest names of any parties whom they know to be interested and the terms on which they would purchase the use of a process or invention. On the recommendation of the Utilisation Committee, the recommended offer is communicated to the research worker, and the final offer is approved by the Government. In the case of a University or a research institution wanting a share in the royalties or in the lump sum transactions which may ensue; the University, the research worker and the Government propose to divide the financial benefits equally amongst themselves.’

The Committee adopted the proposal that financial benefits arising out of patents or processes should be shared equally by Government, the University and the researcher. It was further resolved that the agreement form should be so modified as to make it obligatory for the research scholar to act under the instructions of the Professor under whom he works, in all dealings with Government.”

Resolved—That the Proceedings be confirmed and that Government be informed accordingly.

" 77, ASUTOSH MOOKERJEE ROAD,
Calcutta.

To

THE REGISTRAR,

CALCUTTA UNIVERSITY.

Dear Sir,

I am enclosing a cheque for Rs. 25,997-6-9 (Rupees Twenty-five thousand nine hundred and ninety-seven and annas six and pies nine only) endorsed in my favour by Mrs. Clarice Grace Solomon, administratrix to the estate of R. O. Raha (deceased), which cheque has been duly endorsed by me in favour of the University of Calcutta.

The Syndicate will recall Mr. R. O. Raha, M.A., B.L., Barrister-at-Law, served the University as Inspector of Hostels and Messes from 1933 to January, 1939, when he died after a short illness. Mr. Raha left a Will (copy of which is enclosed) appointing his sister Dr. Jessie Griffiths as the sole executrix to the Will. The Will directed the executrix to collect the holdings of Mr. Raha and after payment of his liabilities to make over the balance to me for safe investment for the purpose of founding a scholarship or scholarships as per

terms of the Will. Mrs. Solomon, the administratrix to the estate, has sent me a letter and a statement of accounts (original enclosed) informing me that a sum of Rs. 25,997-6-9 pies is payable to me under the Will for the purposes mentioned therein.

According to the Will I am to invest the amount received by me in some safe investment and when the said sum together with the accumulation of interest amounts to such a sum as will carry an interest of Rs. 900 (Rupees nine hundred) or more per annum, I am to make over the said accumulated amount to the University of Calcutta. As I have already stated, the amount handed over to me is Rs. 25,997-6-9 pies which will now earn interest of about Rs. 900 if invested in $3\frac{1}{2}$ per cent. G. P. Notes.

The general purpose for which the scholarship is to be awarded is indicated in the Will. A scholarship will be awarded every 3rd-year and will be of Rs. 75 or more per month open to deserving students of Bengali parentage of Calcutta University. The purpose of the scholarship may be one of the following or if none of the purposes is possible then for any other purpose as near as possible to one or other of the following :—

- (a) Practical Aeronautics.
- (b) Practical Submarine Training.
- (c) Practical Military Training.
- (d) Training in up-to-date methods of rural reconstruction and handicrafts and for assisting such students as may have completed their training to maintain themselves for a year if they have set up their own enterprise.

I hope the University will accept the amount sent by me and will order it to be invested properly as a separate fund, the corpus of which will not be drawn upon but the interest be utilised in order to give effect to the wishes of late Mr. Raha. I suggest a small committee should be appointed by the Syndicate to draw up the details of the terms and conditions of the scholarship which under the direction of Mr. Raha is to be named after his father, the late Dr. Kamalkrishna Raha.

I have had the privilege of coming into close contact with Mr. Raha during my stay in England in 1926. In 1933 he accepted a University appointment as Inspector of Hostels and Messes. He was for a long time connected with the Y. M. C. A. both in India and England and had also devoted himself to students' problems and many kinds of humanitarian work. He was called to the Bar while he was in England but temperamentally the legal profession had not much attraction for him. He longed to dedicate his life to quiet steady intellectual work but unfortunately could not get any opportunity to do so. The work he was doing in the University as Inspector of Hostels and Messes was indeed valuable and he proved himself in a very short time to be a loyal and devoted servant of the University. It is true he served the University for less than 6 years but such was his unstinted anxiety for the uplift of his countrymen that he did not hesitate to leave every thing that he had to the care of the University in furtherance of practical studies, most of which are intimately connected with the training for national defence. The Syndicate passed a resolution of condolence after his death in 1939. But I have no doubt both the Syndicate and the Senate will record a fresh tribute of respect to the memory of the deceased for his benefaction, which in view of its peculiar nature will keep the name of Mr. Raha ever fresh in the minds of persons connected with the University.

There is one matter to which I would draw the attention of the Syndicate. Mr. Raha who was a bachelor, was greatly concerned about one of his sisters Dr. Jessie Griffiths who is now about 60 years old. In fact it was his wish that she would enjoy for life the interest of the estate he would leave behind after which it would be entirely at the disposal of the University. The Will was

written out only shortly before his demise and it does not specially contain any such provision.

I know the circumstances of the family personally and I strongly recommend for the consideration of the Syndicate that a compassionate pension of Rs. 60 per month be sanctioned to Dr. Jessie Griffiths for life. I hope in view of the special circumstances of the case the Syndicate will accept this proposal of mine.

Yours faithfully,

SYAMAPRASAD MOOKERJEE.

This is the last Will and testament of me Randolph Ogilvie Raha, Inspector of Hostels and Messes, Calcutta University, aged 47 (forty seven years), residing at present at 33-1, Amherst Street, St. Paul's College Hostel, made this the 16th day of January, 1939, who am also asserting that no Will had been executed by me before this.

Whereas I have been up till now leading a bachelor life without any wife or children and whereas I have been suffering from a renal chronic asthma, I intend to make a disposition of all my properties to be left by me on my death hereby by this my last Will which is as follows:—

It is my pious wish and desire that on my demise my body should be cremated at a Hindu crematorium ground and for this purpose information should at once be given to my friend Mr. Narendra K. Bhattacharjee of Incorporated Insurance Co., 5, Clive Ghat Street, Calcutta, who would make all necessary arrangements. My ashes are to be taken and interred in my parent's grave (Dr. K. C. Raha) in the family vault in the Lower Circular Road cemetery, Calcutta. I do hereby appoint and declare my sister Dr. Jessie Griffiths to be sole executrix of this my Will.

I desire that after my demise the said executrix will collect all my moveables and cash that I may leave in the house or in the Banks or elsewhere and also the value of such shares and securities, Government Promissory notes, etc., and after payments of my debts, funeral charges and expenses and disposal of bequests made hereunder to make over the remaining sum to Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt., Barrister-at-Law, M.L.A., of 77, Asutosh Mookerjee Road, Calcutta, who will invest the sum in some safe investment and when the said sum together with the accumulation of interest amounts to such a sum as will carry an interest of Rs. 900 or more per annum to make over the said accumulated amount to the authorities of the University of Calcutta for the purpose of awarding every third year to such deserving students of Bengali parentage of the same University a scholarship of Rs. 75 or more month for the period of 3 years for any of the following purposes or if for any reason none of these purposes are possible, then for any purpose as near as possible to one or other of these (A) Practical Aeronautics, e.g., solo flight races, flights, inventions to ensure commercial or aerial advantages to India, risky or difficult aerial investigations. (B) Practical submarine on lines similar to (A). (C) Practical military works on lines similar to (A) and (B). (D) Training in up to date methods of rural reconstruction and handicrafts and for assisting such students who have completed their training to maintain themselves for a year after they set up their own enterprise.

These scholarships are to be called "Dr. Kamal Krishna Raha Scholarships." The details of the terms and conditions upon which the Scholarships are to be awarded are to be framed by the then authorities of the University of Calcutta.

3. I desire that the little library of books and paintings that I may leave behind be made over to St. Xavier's College, Park Street, Calcutta, and that

the rest of the articles of furniture and such others of my things that may be in my house at my demise may be sold and the proceeds be added to the fund maintained in paragraph 3.

4. I bequeath all my moveable articles and goods except cash and valuable securities and shares which are now or at the time of my demise may be in the possession of my sister Dr. Jessie Griffiths now residing at Meerut to her absolutely. Should however any of my other sisters desire to take any single piece of article each according to her or their choice as keepsake in my memory, it is my wish that the same may be given to her or them.

5. I also hereby desire and direct that all the moveables including jewellery, furniture, etc., except cash and valuable securities and shares which are now or at my demise may be in the possession of my brother and my sister-in law Mr. and Mrs. Kenneth C. Ritche should be bequeathed and given absolutely to my nephew Edward Albert, elder son of my brother Kenneth C. Ritche should however any of my other nephew and nieces' sons and daughters of my deceased sister Melrina, the late wife of Mr. Rowland Chandra and of my brother Kenneth C. Ritche express their desire to select and keep any single piece of article each as a keepsake in my memory, I wish and direct that the same may be given to him or hers of them.

Estate R. O. Raha (deceased)

DEAR DR. MOOKERJEE,

I am enclosing a copy of my late brother Randolph's Will, dated the 16th January, 1939. He was the Inspector of Hostels and Messes of the Calcutta University. In the Will, there is direction to his Executrix to collect his holdings and after payment of his liabilities make over the balance to you for investing the sum in some safe investment for the purpose of founding a scholarship as per terms of the Will.

My brother suddenly breathed his last after a brief illness and therefore he could not incorporate his last pious wish of which you are also aware, namely to allow his sister, Dr. Jessie Griffiths, to enjoy the benefit of the corpus during her life time and after her death to utilise it for his Endowment Scheme.

I am enclosing a cheque for Rs. 25,997-6-9 duly endorsed in your favour, also a statement of accounts.

I shall be grateful if you will please be good enough to respect the last wish of the testator and grant my sister, Dr. Jessie Griffiths, who is now about 60 years old and has no means of her livelihood, the benefit of the corpus as long as she lives.

With kind regards,

I remain,

Yours sincerely,

(Sd.) Clarice Grace Solomon,

Administratrix to the Estate.

(Miss Chaudhuri states further in her application that she has collected materials from 1,200 girls students studying in different schools of the Province. From a preliminary survey of the collected materials derived from those 1,200 records, various important problems which have a special bearing on female education of this country are emerging out. In order to conduct research more thoroughly a comparative study of the girls and boys of the same age is necessary and she has examined about 600 boys of Mitra Institution of different age groups. Prof. Bose in recommending the case observes : ‘Miss Chaudhuri has been engaged in very useful work. The problem she has been investigating has not been attempted here before. The results of this work when completed are likely to throw light on many obscure problems of female education. She fully deserves a Research Fellowship. The cost of preparation of 100 cyclostyled copies of the notes would be about Rs. 850 :—

	Rs.	A.	P.
Ordinary stencils at Rs. 7-12-0 per quire	...	0 5 3	each
Cost of typing at 0-4-0 per page	..	0 4 0	per page

FROM
THE SECRETARY,
APPOINTMENTS AND INFORMATION BOARD,
UNIVERSITY OF CALCUTTA,

TO
THE REGISTRAR,
CALCUTTA UNIVERSITY.

Senate House, the 2nd September, 1941.

SIR,

I am directed to submit the report on the working of the Appointments and Information Board for the year ended 31st May, 1941, with the request that the same may be placed before the Hon'ble the Vice-Chancellor and the Syndicate of the University of Calcutta.

2. The Board was re-constituted by the Syndicate on the 4th June, 1940, for two years with effect from the 1st June, 1940. During the period under review there was no change in the personnel of the Board.

3. Before reviewing its work during the period 1940-41 the Board considers it appropriate to invite the attention of the Hon'ble the Vice-Chancellor and the Syndicate to the reference which was made by His Excellency the Viceroy and Governor-General of India in course of his address delivered at the Annual Meeting of the Associated Chambers of Commerce of India, on the 21st December, 1936, to the efforts which were then being made by the University of Calcutta in collaboration with the Bengal Chamber of Commerce for the establishment of the Appointments Board. His Excellency said: "It is in collaboration between educational authorities and institutions and prospective employers that in my view lies the best hope of working out effective schemes to deal with a question of critical importance and urgency. I am well aware of the difficulties, and I am not without experience in my own country of the problem of unemployment, and of its baneful and cruel effect on some of the best elements in the nation. The Presidency of Bengal has distinguished itself by the active steps which it has taken to deal with the whole matter." It is indeed a matter for gratification to the Board that the work which it started in the middle of 1937, has been appreciated by His Excellency. In acknowledging the report of the Board for the year 1939-40, the Deputy Private Secretary to His Excellency the Viceroy wrote to the

Board on the 15th November, 1940, that "a copy of the Report of the Appointments and Information Board, Calcutta University, for the year 1939-40, was laid before His Excellency who wishes me to convey his congratulations to the Board on the good work done during the year under review and sends his good wishes for its continued success in future." The Board takes this opportunity to record its grateful thanks to His Excellency for his good wishes and the interest he evinces in the activities of the Board.

4. The activities of the Board during the year under review were considerably restricted on account of the continuation of the War. The trade and industries of the country, on whose support the Board mainly depends, had to curtail their activities owing to War. Naturally, all this had its inevitable effect on the work of the Board. It must, however, be admitted that the War is responsible for the expansion of engineering and other allied industries which supply War materials. But as all such industries require technically trained men, the Board, which mainly deals with the students of the University, could not take much advantage of the situation. As a matter of fact, there is still a very great demand for Mechanical Engineers, Electrical Engineers, Chemical Engineers, Chargemen, Foremen, Tracers, Estimators, Draughtsmen, Electricians, etc., the number of such men turned out by educational institutions being extremely limited. The Board is even now unable to supply such men when requested to do so. In this connection, the Board considers it desirable to point out that in view

of the dearth of technically qualified men, Bengal and Assam have not been able to utilise the new opportunities created by War industries. Even if it be argued that the present demand for technically qualified men is purely temporary, it may be stated that during the post-war reconstruction period which is likely to make India more industrialised, the demand for such men would increase. It is, therefore, time that the educational programme of the province were re-drawn, so far as the technical side of it is concerned, with an eye to the future demand, so that the provinces of Bengal and Assam may make the best possible use of the opportunities.

5. During the year under review a few more commercial and industrial concerns agreed to utilise the services of the Board and also to accommodate its candidates either for employment or training. The number of business houses co-operating with the Board at the end of the year was 200 as compared to 13 at the beginning of the first year of its work. The increase from 13 to 200 in course of 4 years reveals that the Board has been able to instill confidence into the minds of the heads of business houses who were at the outset not very sure about its utility and success. Besides receiving assistance from the business houses during the year under review, the Board was also consulted by some of the Departments of the Government of India in the matter of recruitment.

6. The number of applications received for registration in 1940-41 was 664 as against 639 in 1939-40 and 593 in 1938-39. The number of applications received by the Board from various types of

students, past and present, of the University is shown in the following table :—

			1938-39	1939-40	1940-41

7. As in the previous year no registration fee was charged from the candidates registered and the Board adhered to the policy laid down in the first year's Report relating to registration. In this respect the services of the Appointments Advisory Committees attached to different Mufassil colleges were of great help to the Board. The number of candidates interviewed and registered in different sectional registers is given below :—

9. Of the number of candidates interviewed and registered a large number preferred sedentary occupation with hours and conditions of work more or less fixed. Nevertheless, it must be considered a happy sign that not an inconsiderable number of candidates expressed their desire to take to a life in which the prospects were far from settled and which offered scope for the exercise of initiative and enterprise. The Board feels that if adequate facilities can be provided for mechanical and technical training either in institutions or workshops or at both places simultaneously, a very large number of boys might be diverted from general education to technical education. This lack of facilities is really responsible for creating an impression on the public mind that the students of Bengal and Assam are more keen on having a

general education than technical education. As will be seen from the latter part of this report, during the year under review the Board explored the question of the possibility of creating new avenues in the industries of the Provinces of Bengal and Assam. So far the indications in this direction have been encouraging.

10. In 1940-41 the Board was requested to recommend candidates for as many as 153 vacancies as against 110 in the previous year. But as some of the vacancies were of technical nature the Board was not in a position to recommend names of suitable candidates. It might be mentioned here that in the matter of recommendation the Board always follows the policy of recommending the right man for the right place. In view of these facts the actual number of candidates for whom the Board could secure employment or training was 105 as against 81 in 1939-40. The types of employment secured or training arranged are given below :—

11. The Board made regular enquiries regarding the candidates associated with different business houses to find out how they were shaping and progressing with their work. It is a matter for satisfaction to note that the reports received by the Board were very favourable. The procedure of making regular enquiries has revealed that so far as University trained young men are concerned, they are not unsuitable for a business career. Given adequate opportunities and facilities they can fully adapt themselves to business atmosphere and can also utilise the training and education received at the University.

12. On the 24th May, 1941, the Board conducted an examination for recommending candidates to the Calcutta Port Commissioners' Office for its recruitment of clerks and junior outdoor staff. It may be mentioned that in 1939 the Board had occasion to conduct a similar examination. At the examination held in May last 511 candidates appeared and it was arranged that the Board should forward the names of certain number of candidates on the basis of the result of the examination. These candidates would be interviewed by a small Selection Committee appointed by the Port Commissioners. After interviewing the candidates this Selection Committee would prepare a revised list and as on the previous occasion,

during the next two years the vacancies in the Port Commissioners' Office would be ordinarily filled up from this list. The result of the examination was not however available when the year closed and it has therefore not been incorporated in this report. It is to be noted that Sir Thomas Elderton, Chairman, Commissioners for the Port of Calcutta, who visited the examination centre, expressed his satisfaction in regard to the arrangements made by the Board. In this connection, the Board likes to state that the qualifications necessary for appearing at the aforesaid examination was fixed by the Board in consultation with the Chairman, as the passing of the Intermediate Examination in Arts or Science of the Calcutta University. This standard was fixed by the Board because it felt that for the type of vacancies for which the examination was conducted, graduates should be discouraged from appearing at the examination. The Board also pursues this policy while recommending candidates for similar types of appointments.

13. The Board made provision for granting stipends at the rate of Rs. 15/- per month for 8 (eight) students who were undergoing training during the year 1940-41. As most of the candidates undergoing training on the recommendation of the Board got allowances from the Companies concerned, the Board had to pay stipends only to 3 candidates, of whom one was undergoing training in a Cotton Mill and the other two in an Engineering firm. The Board is grateful to those firms which were good enough to grant allowances to candidates undergoing training under their supervision.

14. The Board made certain observations in its Report for 1939-40 for associating educated youngmen with Jute, Tea and Coal industries of the Provinces of Bengal and Assam. A general outline of the scheme, for giving a practical shape to these ideas, was also laid down in the last Report. During the year 1940-41 the Board collected material, consulted experts for drawing up a comprehensive scheme for diverting the attention of the University trained young men to these industries. During the latter part of the year the Board forwarded to the Bengal Chamber of Commerce the scheme for associating educated youngmen with Jute and Tea industries and requested the Chamber to recommend the scheme to the Indian Jute Mills Association and the Indian Tea Association, for their sympathetic consideration with such modifications as the Committee of the Chamber might suggest. The Board feels that educated young men can develop qualities essential to careers in these industries provided arrangements can be made to give them practical training under conditions similar to those obtaining in factories and theoretical instructions in night schools. It is encouraging to note that the scheme is now being considered by the Bengal Chamber of Commerce in consultation with the Indian Tea Association and the Indian Jute Mills Association. If the scheme is approved by the Bengal Chamber of Commerce and is supported by the Indian Tea Association and the Indian Jute Mills Association, the Board can legitimately hope that a beginning will be made in directions which are full of possibilities and which will open a new line of useful and

profitable employment to the University trained youngmen.

15. During the year under review the Board was requested by one of the leading European firms of Calcutta, controlling extensive Tea plantations, to recommend two graduates of this University, who might be placed on its Supervisory Staff on completion of their training. It was stated that the youngmen to be selected for a career in the Tea industry, should be of sound health, active habits, keen and alert and of good physique and have preferably a technical bent of mind. In view of the nature of work in the tea gardens, the Board was of opinion that candidates brought up in Tea districts would be more suitable than those who had no occasion to visit Tea gardens and stay there. Accordingly, the Board requested the Principals of the M. C. College, Sylhet and Cotton College, Gauhati, to recommend a certain number of candidates fulfilling the conditions already mentioned. After examining the qualifications of the candidates recommended the Company interviewed some of the candidates and selected one for training. If the Board's first choice ultimately proves a success, it is likely that a new career will be opened in which graduates of this University had hitherto practically no scope for the exercise of their talents.

16. The Board would like to invite the attention of the Hon'ble the Vice-Chancellor and the Syndicate to the fact that if provisions can be made for teaching Textile Chemistry in the M.Sc. course as a special subject some openings might be created for University graduates. It is necessary to point out that in and

around Calcutta there are no less than 99 Jute Mills and in the Province itself there are about 30 Cotton Mills. In view of the increasing competition to which the Textile industries of the province are now subject they are obliged to appoint Chemists for carrying on research work. But hitherto no efforts have been made with a view to making provision for the teaching of Textile Chemistry. If, therefore, arrangements could be made by the University for teaching the subject of Textile Chemistry, a subject whose importance would be daily increasing, it would be a move in the right direction.

17. In recent years there has been an increasing demand for technically trained men who can be employed as Engineers, Supervisors and Technicians in the Air-Conditioning Engineering industry. This industry is no doubt of recent origin in India but it has got a very great scope in a tropical country like India. The University has, therefore, made provision for the teaching of such special Engineering subjects as, Lubrication, Refrigeration and Air-Conditioning and definite syllabus have been prepared and have received the sanction of the Government.

18. Reference was made in the Report of the Board for the year 1937-38 to the coaching classes for giving instructions on certain subjects to the candidates for Indian Civil Service Examination. These classes were started by the University in 1936 as an experimental measure and were run for 2 years. As provision was made for teaching only compulsory subjects of the Indian Civil Service Examination, the Board found that such classes could not be made

attractive and useful to candidates going up for different All-India competitive examinations, namely, Indian Civil Service, Indian Police Service, Indian Audit & Accounts Service, Imperial Customs Service, Military Accounts Department, Indian Railway Accounts Service, Postal Superintendents (Class II) Service, Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways. Accordingly, during the year under review a revised scheme was drawn up by the Board for re-organising these classes which are now known as Special Tutorial Classes. Arrangements have now been made for teaching the following subjects : Essay, English Literature, General Knowledge, British History, Indian History, Economics, Elementary Mathematics, Physics, Chemistry and Geography. Besides teaching these subjects, the Board has engaged the services of a European Professor for helping the candidates in their *Viva Voce* test. Formerly the classes used to be held between 6 to 8 P.M. but under the revised scheme those are now being held between 4 to 6-30 P.M. every afternoon. The Board charges a fee of Rs. 15/- per month and the number of students to be admitted in these classes has been definitely restricted to only 20 candidates. Before admission the candidates are interviewed by a Special Selection Committee and are also medically examined with a view to helping the candidates in remedying physical defects which might be noticed. The Board is indeed glad to note that of the candidates who took advantage of the classes held in the past years one has been employed in the Indian Civil Service

and the other in the Indian Audit and Accounts Service.

19. In order to run the University Special Tutorial Classes on a satisfactory and efficient basis a Special Committee has been appointed by the Board for supervising these classes with the following gentlemen as members :—

The Hon'ble Mr. Justice C. C. Biswas, M.A.,
B.L., C.I.E.—*Chairman*.

Dr. Syamaprasad Mookerjee, M.A., B.L., D.Litt.,

20. In June, 1940, the Appointments Board was approached by the Indian Air Headquarters for recommending suitable candidates who might be trained up as Pilots and Observers in the Indian Air Force. The Board at once took steps to bring these opportunities to the notice of prospective candidates. The response which the Board received was very encouraging and it became evident that Bengali students had a special liking for the Air Force in view of the individual skill and intelligence necessary for a career

in the Air Force. The candidates who happened to be residents of Calcutta and suburbs applied direct to the Board, whereas candidates belonging to the Mufassil districts of Bengal and Assam had to apply to the Board through the Principals of their respective colleges. For the purpose of selecting candidates to be recommended to the Air Headquarters, a Special Committee was appointed by the Board which included the following gentlemen :—

Dr. Syamaprasad Mookerjee, M.A., B.L., Barrister-at-Law, D.Litt., M.L.A.—*Chairman*.

Lt.-Col. K. K. Chatterjee, I.T.F., F.R.C.S.I.

P. N. Banerjee, Esq., M.A., B.L., Barrister-at-Law, M.L.A.

Dr. P. N. Banerjee, M.A., D.Sc., Barrister-at-Law, M.L.A. (Central).

Major D. N. Bhattacharyya, Officer Commanding University Training Corps.

Khan Bahadur T. Ahmed, B.A., B.T., M.Ed.

Satischandra Ghosh, Esq., M.A.

S. W. Kaye, Esq.

The Secretary, Appointments Board.

21. It may be noted that Mr. S. W. Kaye now head of the firm of Messrs. Stewarts & Lloyds of India, Ltd., belonged to the Royal Air Force, and his special experience in this line was of great assistance to the Board. Apart from working on the Committee for selecting candidates Lt.-Col. Chatterjee was responsible for the medical examination of the candidates, as the Board felt that every precaution should be taken before the candidates were actually sent

for final interview by the recruiting authorities of the Air Force at Ambala. In regard to the medical examination the Board received considerable assistance from the Students' Welfare Committee of the University. The Board recommended two batches of candidates numbering 18 of whom seven were selected by the recruiting authorities for training. Later on as the procedure of receiving applications directly by the Air Headquarters was abandoned the Board had no occasion to recommend any further candidates.

22. The Appointments Board was also approached by the Military authorities for helping them in the matter of recruitment of candidates who might be granted Emergency Commission in His Majesty's Indian Land Forces. In connection with this recruitment too the Board issued a number of circulars to different colleges in Bengal and Assam, affiliated to the University of Calcutta, drawing the attention of suitable types of candidates to the opportunities offered for a career in the Army. The Board had occasion to recommend only one batch of candidates of whom three were interviewed at Simla on the recommendation of the Fort William authorities and two have since been granted Commissions. In the matter of preliminary selection the Board received considerable assistance from Major D. N. Bhattacharyya, who, along with the Secretary to the Board, interviewed applicants. As later on the system of recruitment was changed and the Public Service Commission, Bengal, was asked to do the work of preliminary selection, the Board issued a circular to the different colleges to the effect that henceforward applications

should be made directly to the Public Service Commission.

23. It is indeed heartening to note that the effort of the Board in bringing to the notice of possible candidates the opportunities which exist in the Land and Air Forces of India, has revealed that so far as students of Bengal and Assam are concerned, they are eager to join the Military services.

24. There is another matter to which mention should be made here. The climatic condition of this province is not conducive to the building up of the type of physique noticeable in the youngmen of other provinces or which may be the ordinary standard of army requirements. This is no doubt a handicap to the students of Bengal and Assam. But at the same time it is worth noticing that modern army officers do not lay exclusive emphasis on physique; stamina, grit, perseverance, capacity for leadership, powers of organisation and similar other qualities are also necessary elements in the making of modern army officers. It is, therefore, desirable that the Military authorities should consider whether the standard which is ordinarily required by them in respect of physique should not be relaxed for the provinces of Bengal and Assam. The candidates should certainly be healthy, well-built and well-developed, but they may not necessarily be of the type which the Military authorities ordinarily get in the Punjab or the Frontier Province.

25. There is also one matter incidental to the question of recruitment of officers to which a reference should be made and that is the need for more University

Training Corps Units in mufassil educational centres. Such University Training Corps Units will be the most suitable means for imparting preliminary training to officers recruited for the army. At present there is only one Training Corps Unit in Calcutta. The University has got more than 75 colleges in Bengal and Assam and many of them have got more than 1,000 students on their rolls. If Training Corps Units are attached to such mufassil colleges there is no doubt that such Units would be in a position to help the authorities in the matter of recruiting army officers.

26. The Board is thankful to the Federal Public Service Commission for regularly sending copies of notices regarding vacancies to be filled up and the various competitive examinations conducted by them. As in the previous years the Board issued circulars to all the affiliated colleges in the provinces of Bengal and Assam containing detailed information regarding different competitive examinations conducted by the Commission for recruitment to Civil as well as Military services. The object of issuing such circulars was to draw the attention of eligible candidates who might wish to appear at the aforesaid examinations.

27. During the year 1940-41, the Board received many enquiries from different Indian Universities regarding the nature and scope of its activities. It is also a matter for gratification that some of the Indian Universities have already established Appointments Boards on the model of the Calcutta University Appointments Board. It is perhaps being daily recognised that such Boards have got a definite place in the University life.

28. The Board desires to place on record its grateful thanks to the business community for their continued support and for providing facilities to University trained young men in obtaining employment or training in industrial, commercial and technical lines. To the various Departments of the Government of India, as well as the Indian Army Headquarters and Indian Air Headquarters, the Board offers its sincere thanks for consulting it in connection with some of their recruitment. The help and guidance of the various Chambers of Commerce and Trades Associations of the City and particularly that of the Bengal Chamber of Commerce proved very valuable to the Board in carrying out the duties entrusted to it. The Board takes this opportunity to offer its grateful thanks to all.

I have the honour to be,

Sir,

Your most obedient servant,

D. K. SANYAL,

Secretary.

APPENDIX D

Extracts from the speech delivered by the Hon'ble Sir Henry Richardson, President, Bengal Chamber of Commerce, at the Annual General Meeting of the Chamber held on Friday, the 28th February, 1941 :

“ Among those who have rendered us assistance during the year I feel I am justified in including the Calcutta University Appointments and Information Board which has provided us with an efficient service for the recruitment of certain categories of staff and of which increasing numbers are now taking advantage. An unfortunate divergence of opinion, which I understand still remains to be settled, occurred in connection with the proposal of the Employment Adviser to the Government of Bengal to open a Registration Bureau through which industrial and other concerns could obtain their requirements of young men of the *bhadralok* classes on much the same lines as those of the scheme which has operated so successfully as between commercial interests and the Calcutta University Appointments Board. Our position in this matter is clear. We have intimated our sympathy with the scheme and are willing to commend it to the support of members provided there is a clear line of demarcation between the Government scheme and the University scheme and we have indicated where, in our opinion, that line should be drawn.”

Provisionally recognised up to 31st December, 1942 and unaided.

The Resolution of the Managing Committee runs as follows :—

‘The question of reconstitution of the Committee was then taken up for consideration. As the Committee was going to be reconstituted this year on the expiry of its full term of 3 years, the members thought that it was high time for them to obtain necessary sanction from the University for special constitution of the Managing Committee in respect of four representatives of the founders including one of the founders Dr Satyacharan Law, M.A., B.L., Ph.D., F.Z.S., or Dr Bimalacharan Law, M.A., B.L., Ph.D., F.R.H.S., who should also be *ex-officio* President in terms of the deed of gift to be returned from the group of founders, donors, benefactors, etc., (out of a Committee of 12 members, the quota of guardians’ representatives being fixed at 4, Registered Medical practitioner one, Head Master and 2 Teachers’ representatives) in view of the fact that the school owes its origin, development, and stability to the munificent gift of the Law Estate (founders) to the extent of not less than Rs. 40,000 (Rupees forty thousand) up to this time since its very inception in the form of regular monthly grants, Reserve Fund, furniture, equipments, the school building, its site, etc. (made over by the founders by a registered deed of gift). As the school is also dependent for its very existence on the continuance of the recurring monthly grants by the founders covering the entire deficit which on an average would be nearly Rs. 1,062 annually and as the founders have been allowing additional amenities to the school by way of providing free family quarters to the Head Master and the Assistant Head Master and also accommodation to some teachers besides commodious rent-free boarding houses for both Hindu and Muslim students, the annual rent value of which would not be less than Rs. 450 the founders being, as a matter of fact, the sole donors and benefactors of this school, it is desirable that they should have at least 4 representatives, as members including the founder President on the Managing Committee of the school for its welfare and management. The District Inspector of Schools also in his inspection remarks, dated the 17th August, 1939, and 18th August, 1939, stressed on the necessity of such sanction from the University and the extract from the Minutes of the Syndicate, dated the 9th December, 1939, forwarded by the Registrar, Calcutta University, in his letter No. S. 932-Pro. 361, dated the 15th December, 1939, also pointed to the necessity of such approval from the University as one of the conditions for extension of recognition of the school up to 31st December, 1942.

It was unanimously resolved by the Committee in view of the above that (i) the Secretary be authorised to apply to the Registrar, Calcutta University, to move the Syndicate for according sanction to the special constitution of the Committee as indicated above.
